

# Discovery Canyon Campus Elementary Parent-Student Handbook 2023-2024

One Common Campus, One Common Purpose, One Common Goal—Student Success!

Welcome to Discovery Canyon Campus, home of the Thunder! We are excited for another year filled with new challenges, new learning, and fun.

This handbook contains important information regarding school and district policies and procedures. In order to ensure that students and parents/guardians at DCC are aware of our expectations and their responsibilities, a parent/guardian must accept the Active Student Agreement on your Extended Portal in Infinite Campus. Your electronic signature verifies that the student and parent/guardian have received and reviewed this handbook and are aware of the expectations, rules and practices at Discovery Canyon Campus.

The relationship between school and home is an important one. We encourage students and parents to work collaboratively with teachers in their efforts to support your education. Communication is critical, and at Discovery Canyon we will make every effort to keep students and parents informed. Look for weekly emails and monthly newsletters filled with information and updates. Please do not hesitate to contact the school if you have questions or needs. Working as partners, we will ensure student success.

**School Year 2023-2024**

This document is provided as a resource to Academy District 20's parents and students. **Readers should be aware that much of this information is in summary form. Current policies in their entirety, including revisions which may have occurred after publication of this document, are available on the District website at:**

<http://www.boarddocs.com/co/asd20/Board.nsf/Public>.

Policies may also be reviewed at the Education and Administration Center of Academy District 20 located at 1110 Chapel Hills Drive. A printed copy of the Handbook of Students' Rights and Responsibilities and Annual Notifications to Parents may be requested at no cost in the administrative office of any school or by calling Legal Relations at 719-234-1200. Policies are subject to change as necessary at any time during the school year. Students are expected to be knowledgeable about and comply with District and school policies, including ones which may not be included in this publication but are on the website.

## **INTRODUCTION**

Public school students have certain rights guaranteed by the constitution and laws of Colorado as well as the United States of America. These rights are not the same as adults because the school is a special setting. The law provides that school officials need flexibility to control student behavior in the schools and at school activities, even possibly for actions that occur off-campus, on weekends or during the summer, if the actions have a nexus to school or are detrimental to the welfare of students or staff at the school. However, students do have numerous protections from undue censorship, arbitrary actions of school staff members and elected officials, and unlawful search and seizure, among other things.

This handbook informs you of your rights and your responsibilities as an Academy District 20 student. It will help you be a successful student and citizen in our District. Please read it carefully and ask questions of your principal, your counselor, or your teachers if you do not understand.

## **ACADEMIC RIGHTS**

To function well in the classroom, you must have a clear idea of what the teachers expect of you. Therefore, you have a right to know exactly what the requirements are for each course in which you are enrolled. If the course requirements seem unclear to you, or if you have questions, you have not only a right but also an obligation to yourself, your fellow classmates, and to your teacher, to ask for clarification.

## **ACADEMY DISTRICT 20 MISSION STATEMENT**

The mission of Academy School District 20 is to educate and inspire students to thrive.

## **COMMUNICATION WITH THE ELEMENTARY**

While this handbook will be a good source of information about Discovery Canyon, you will receive up-to-date news and announcements via 20Alert weekly. 20Alerts are sent to the email addresses indicated on your Parent Portal.

Please feel free to call the school or email any of the staff at any time. All staff email addresses can be found on our webpage. Look for our monthly newsletters with tips, celebrations, and program information.

## **DCCES BUILDING PROCEDURES AND POLICIES**

### **ARRIVAL AND DEPARTURE TIMES**

**Elementary students may not enter the campus before 8:05 am.** Only if a student is participating in a before-school club or activity and/or previous arrangements have been made may a student come to school prior to 8:05 am. Doors allowing access to the PreK-5 areas will be secure until 8:05 am. Students should not be dropped at school before this time, as there is no adult supervision on the campus. For the safety of your child, please be sure to stay with them until staff is on duty at 8:05 am. Thank you!

**Parents/guardians are required to enter the building and sign students in at the Elementary Office after 8:15am.** If a student needs to leave school early for an appointment, the parent/guardian should notify the Elementary Office prior to pick-up. Parents/guardians must sign students out at the Elementary Office before the student may leave the campus.

### **BICYCLES/SCOOTERS/SKATES/SKATEBOARDS**

Students in grades 3 and higher may ride bicycles to and from DCC. Students in grades 2 and lower may ride bikes to and from school only if accompanied by their parent. Once on school grounds, bikes must be walked on the sidewalks and must be parked in the provided bike racks. Students should secure their bikes with locks. DCC is not responsible for any lost or stolen items.

Students should be aware of vehicular traffic and ride/walk their bikes with safety in mind. When riding bikes onto campus and in the parking lot areas, students are to follow the safety regulations applicable to riding bicycles on city streets.

Due to safety issues and lack of storage space at school, skateboards, roller blades/skates, scooters, and “heelines” are not permitted and should not be ridden to school. Items brought to school will be held in the office and kept for parents to pick up. Skateboarding or skating is prohibited on campus.

### **CHARACTER EDUCATION**

Discovery Canyon Campus Elementary is a community of students, parents, and teachers with a mission of ensuring that all roads lead to learning. Everyone who is a part of this community needs to conduct himself or herself in accordance the District Twenty Core Principles. Discovery canyon Campus Elementary has also adopted the RULER curriculum to assist students with emotional intelligence.

### **COUNSELING SERVICES**

Our school counselor works collaboratively with teachers to provide support and instruction to classrooms and students. Topics the counselor may teach about or provide support for include friendship, deployment, divorce, motivation, stress, safe and responsible use of technology, and academic performance. Parent permission is required for any student participating in a group. The counselor meets on a regular basis with grade level teams to discuss student success and to develop both social/emotional and academic plans for individual students. Discovery Canyon's counseling philosophy is to enhance the student's self-esteem by problem solving and exploring options with the student rather than solving problems for the student.

### **CLASSROOM INTERRUPTIONS**

#### **Birthday/Celebratory Treats:**

For the safety and health of all students, bringing food as a birthday treat is not allowed. Parents may still choose to provide a non-food birthday treat such as stickers, pencils, bubbles, small toys, etc. Please let the classroom teacher know if you will be providing a treat, ensure that there are enough treats for all children in the class, and pre-arrange the delivery details of the treat at least 24 hours in advance.

#### **Deliveries to Your Child:**

In order to ensure a focused and successful learning environment for all children, any deliveries such as birthday treats, forgotten items (i.e. homework or lunch money), or lunch can be brought to the Elementary office. The office will be sure to deliver the item to your child at an opportune time. Large celebratory deliveries will be brought to the classroom for the last hour of the school-day.

#### **Special Events and Parties:**

School celebrations and events such as parties and assemblies, are an important part of the Discovery Canyon experience. Parents are often invited to attend these celebrations and many times help teachers with planning and preparation. Parents are always invited to attend their children's performances. Notification of upcoming school events will be communicated in 20Alerts and on our website.

#### **Wellness (administrative policy [ADF](#)):**

Academy District 20 promotes healthy schools by supporting student wellness, good nutrition, and regular physical activity as part of the total learning environment and encourages school health teams in every building. If you are sending food to school for any school function, please consider sending in healthy choices.

### **CROSSWALKS/"KISS-N-GO"**

#### **Student Drop Off/Pick Up:**

1. There are two main areas (zones) for student drop off/pick up. The "kiss and go" zones are located in front of the Elementary and a much longer zone along the front

of the Middle and Upper Campus entrances.

- Both zones are one way with single file traffic (one lane) allowed for student drop off/pick up.
  - Pull as far forward as possible before dropping off/picking up your student.
  - Drop off/pick up your student(s) as soon as possible after stopping in the zone. Multiple sidewalks lead to the Campus entrances from all areas along all drop off/pick up zones.
  - Follow the directions of the traffic supervisors while in the drop off/pick up zones.
2. Elementary students may not be dropped off or picked up in parking lots. Parents that park in lots must walk with their child to the front sidewalk using designated crosswalks.
  3. Students should not be dropped off or picked up in any other areas or curbsides on the Campus.
  4. Do not block handicap parking areas or any crosswalks during kiss-n-go times.
    - Speed limit signs are posted on Campus. Vehicular speed limits are **10 MPH** in all areas on Discovery Canyon Campus.
    - Stop signs are posted at major intersections. Come to a complete stop at all posted intersections.
    - Designated crosswalks are located at major pedestrian roadway crossings. Use caution when approaching marked crosswalks. In addition, utilize the crosswalks for approaching or leaving Campus facilities.

### **Elementary Clubs and Activities**

Intramural sports, clubs, and other adult sponsored activities are an important part of a student's well- rounded educational experience. A variety of enrichment opportunities are offered at DCC. Registration information for all activities will be communicated via email, is posted on the school website, and is available in the Elementary Office. Students are required to be with a supervising teacher/designated adult until dismissal to be picked up by an adult. Occasionally, a parent will need to pick up a student during after school activity (prior to dismissal). In this case, the parent must check in at the office and will then be directed to the appropriate area to pick up the student.

### **Clubs (see Student Organizations, administrative policy [JJA](#))**

Meetings of student groups must be organized, scheduled, and conducted within the guidelines established by policy JJA and accompanying procedure. All proposed student organizations shall use the common District-wide application that can be found in [JJA E](#). The principal, or designee, will communicate a final decision to all proposals using the submitted District-wide application.

### **Student Organizations (administrative policy [JJA](#))**

Students in middle and high schools in this District shall be permitted to conduct meetings of student clubs or student organizations to meet on school premises during noninstructional time, in accordance with administrative policy [JJA](#). Curriculum-related student organizations serve as an extension of the regular school curriculum and bear a direct relationship to and alignment with Colorado Academic Standards. The function of curriculum-related student organizations is to enhance the participants' educational experience and supplement the course materials within the educational program of the schools. Curriculum-related student organizations must articulate how the content and activities of the proposed student organization will extend the regular school curriculum and how they align with the Colorado Academic Standards. Student organizations meeting these criteria and approved by the principal will be deemed to be officially

recognized, school-sponsored student organizations. All proposed student organizations shall

use the common District-wide application that can be found in [JJA E](#). The principal, or designee, will communicate a final decision to all proposals using the submitted District-wide application.

Secondary school students are also permitted to organize and conduct meetings to pursue activities outside of the school curriculum. Such organizations must be student initiated and directed, and persons not attending school in this District, parents, school personnel or non-school persons are prohibited from directing, conducting, controlling, or regularly attending the activities of a noncurricular student group. Noncurricular student groups shall not be deemed to be school-sponsored or endorsed. Students seeking approval for a student organization to meet at school during noninstructional time should seek approval from the principal or his or her designee in accordance with administrative procedure [JJA R](#).

## **EMERGENCY CLOSING PROCEDURES AND DRILLS**

### **School Cancellation:**

If the decision is made to cancel school, local radio stations will be asked to announce that the District will be closed. Local radio stations will be informed of this decision by 5:30 a.m. A 20Alert Message will be delivered to all families through email, phone call, or text message.

### **Two-hour Delayed Start:**

If adverse conditions appear to be developing during the 5:30 a.m. decision time frame, the Superintendent may delay the start of school for two hours. Local radio stations will be informed by 5:30 a.m. that the starting time for District 20 will be delayed by two hours. The decision relative to whether schools will be open or closed will be made prior to 7:30 a.m. If the decision is to hold school, the two-hour delayed start will be honored, and no additional radio announcements will be made. If the decision is to cancel school, local radio stations will be informed by 7:30 a.m. Again, a 20Alert Message will be delivered to all families through email, phone call, or text message.

### **Early Release:**

If school is in session and a storm develops during the day, a decision may be made to send students home early. The procedure will be as follows: On the days when the weather at 5:30 a.m. may not be bad enough to cancel school, but weather reports and other indications are that perhaps a storm may develop during the school hours, School will be dismissed approximately two hours early. Local radio stations will be asked to announce between 7:00 a.m. and 9:00 a.m. that "School District #20 is on storm alert." If there is an early release, local radio stations will be asked to announce that District #20 is releasing early. A 20Alert Message will be delivered to all families.

**PARENTS SHOULD HAVE A PLAN IN PLACE SO THAT THEIR CHILDREN WILL HAVE A PLACE TO GO IF THERE IS NO ONE AT HOME ON EARLY RELEASE DAYS. PLEASE NOTIFY YOUR CHILD'S TEACHER OF YOUR PLAN.**

### **Emergency Drills:**

Drills are conducted throughout the year. In-room emergency procedures are in place, staff is trained, and all drills and procedures are taught to students. The school conducts a fire/evacuation drill once a month, a severe weather drill at least once a semester, and a lockdown drill (doors locked, lights out, all out of sight) at least once a semester.

## FIELD TRIPS

- 1 **Background checks:** All parents serving as chaperones on a field trip are required to complete a background check. The Parent and Non-Parent Volunteer forms are in the office.  
The classroom teacher will let you know if you need to complete a background check.
- 2 **Chaperones:** Being a chaperone on a field trip is voluntary. Therefore, a parent will pay for admission to the venue and his/her share of the bus fee. In special circumstances a parent may be required to go because of health or behavior issues of an individual child. If this is the case, the parent's fees would be waived.
- 3 **Parents riding the bus:** It is our recommendation that parents ride the bus if they are chaperoning a field trip. We understand that there are circumstances where parents need to drive their own vehicles due to lack of space on the buses or pre-field trip training. However, it will be our practice that chaperones ride the bus.
- 4 **Parents attending field trips who aren't chaperones:** Parents will not attend field trips if they are not chaperones. A field trip is an extension of the classroom. Therefore, just as we wouldn't have a classroom full of parents during instructional time, we would not have extra parents with the class on a field trip.
- 5 **Younger siblings on field trips:** Additional children/family members (i.e. non-school age siblings) are not allowed on field trips. Again, a field trip is an extension of the classroom so other children should not attend.
- 6 **Parents driving their own child(ren) on field trips:** All students will ride the bus for a field trip. However, there are special circumstances where a parent may ask for permission to be allowed to drive their own child for a field trip. Field trips provide the opportunity for students to build relationships with other students while riding the bus.
- 7 **Fees and permission forms:** Prior to the field trip, the classroom teacher will send home a permission form for you to complete along with the cost of the trip. The teacher may also send an additional paper that gives more detailed information about the field trip. The document is the district permission form for field trips with the DCCES Field Trip Expectations on the opposite side. The form needs to be signed by a parent or guardian and returned by the due date with payment for the trip. We accept cash or checks made out to Discovery Canyon Campus Elementary School. We are also able to offer scholarships for field trips if there is a financial need. Please inform the classroom teacher or an administrator if you are unable to cover the cost or part of the cost of a field trip.
- 8 **Bus Delay/Trip Cancellation:** In the event a bus is delayed on return to the school, or a trip is cancelled, families will be notified as soon as possible through 20Alert or directly from your student's teacher.

## HOMEWORK

The Discovery Canyon staff believes homework is an extension of the classroom. Homework is used to encourage student self-discipline, independence, and responsibility. Homework also increases academic achievement, promotes lifelong learning, and allows for expansion of the curriculum. The type of homework assigned depends on the purposes and age of the student. There are four types of homework: practice, preparation, extension, and creativity.

*Practice homework provides students with the needed review and reinforcement necessary to learn a previously taught lesson. Examples of practice homework include: solving a series of problems after studying specific mathematics concepts, writing a reaction paper after studying a specific period of history or reviewing foreign language vocabulary after being introduced to new words.*

*Preparation homework helps students prepare for the next class session. Examples of preparation homework include: reading an assignment and writing questions for class discussion or interviewing a grandparent about a historical event.*

*Extension homework guides students as they expand upon concepts taught in class. Examples of extension homework include: rewriting the story in Modern English and in modern context after reading a piece of literature written in another century or reading a book and reporting to the class.*

*Creative homework includes analysis, synthesis, and evaluation. This type of homework is inventive and resourceful, since students develop their own ideas related to a class topic and share those ideas with the class. Examples of creative homework include: create a political cartoon that addresses a topic being covered, construct a miniature castle, plan a trip to China, develop a log of experiences or map the excursion, build a balsam bridge that supports at least twenty pounds.*

Time Allotment for Homework: Homework is assigned by teachers to allow students to practice what they have learned at school that day. Students are expected to complete homework as it is assigned. As a general guideline, PreK-5 teachers may assign 10 minutes of daily homework for each year in school (First grade – 10 minutes, second grade – 20 minutes, and so on). In addition, K-5 students may be asked to read 10-20 minutes per day. If the amount of homework given to a student seems excessive, please contact the teacher.

### **Homework Responsibilities**

To function well in the classroom, you must do homework as required by the teacher. Homework is a critical component of the instructional program. Homework provides opportunities for extended learning for students. The District has a homework policy (administrative policy [IKB](#)) which states that each school must develop homework guidelines and communicate them to students and parents.

### **ILLNESS GUIDELINES**

#### **Health/Illness/Injury:**

Discovery Canyon Elementary does not have a full-time nurse on staff. A health clerk paraprofessional trained in medication administration and first-aid response is housed in the elementary office for most of the day. If there is a need for a nurse, we are able to contact a nurse who will support DCCE and its students as needed.

Students must have a pass from a staff member to go to the Health Room, **except** in an emergency. It is **not** acceptable for a student to stay in the bathroom when sick. The student must come to the Health Room in the Elementary Office. Based on the assessment of the staff, a child might rest and return to class or parents may be called to pick up their child.

**Communicable Diseases:** If your student has any communicable (contagious) diseases throughout the school year, please call 234-1800 to notify the nurse so she may follow-up with any disease information that other parents may need. Examples are chickenpox, strep throat, head lice, scarlet fever, fifth's disease (slapped cheek appearance), meningitis, measles, impetigo, scabies, etc.

**Glasses-Contact Lenses:** Students are responsible for their individual vision needs. Discovery Canyon cannot be held responsible for lost, stolen or damaged eyewear.

**Health Care Plans:** Academy District 20 encourages health care plans for any student who needs a medical procedure done at school or has a health condition that needs to be closely monitored. Examples may include asthma, diabetes, epi-pen, seizure disorder, bleeding disorder, severe allergy, heart condition, etc. Forms are available in the school office. Please complete this form if you have a student with a health condition.

**Illness:** Please do not send your student to school if he/she is ill. Academy District 20 illness guidelines state that school personnel should call parents to pick up a student with any of the following symptoms: fever of 101° or higher; vomiting, diarrhea, cold symptoms, such as constant runny nose or abnormal color of mucus (yellow, green, thick white); congestion; frequent coughing; possible communicable diseases; and undiagnosed rashes.

If the child has a low-grade temperature in the morning prior to school, please keep him/her home until the child has maintained a normal temperature for 24 hours. The health room is not an infirmary and does not have a fulltime nurse on duty.

**Immunizations:** If your child has had any immunizations over the summer, please send a copy to the school for the nurse to add to his/her shot record. The school nurse will be checking the immunization records on all students to see if minimum standards are met according to state requirements.

**Injuries at School:** Typically, a student who is injured at school (playground or elsewhere) will be given basic first aid in the health room. Parents are contacted immediately for any head injuries, cuts or potential broken bones. Again, the nurse is not always on site to advise health room personnel, therefore, parents are encouraged to pick up their student for outside medical evaluation if warranted.

**Students with Life-Threatening Allergies (administrative policy JLCDA)**

The District recognize that many students are being diagnosed with potentially life-threatening food allergies. To best protect students and to meet state law requirements concerning the management of food allergies and anaphylaxis among students, the District requires the following:

**Health care plan**

The school nurse, or a school administrator in consultation with the school nurse and parent, shall develop and implement a health care plan (plan) for each student with a diagnosis of a potentially life-threatening food allergy. The plan shall address communication between the school and emergency medical services, including instructions for emergency medical responders.

**Reasonable accommodations**

Reasonable accommodations shall be made to reduce the student's exposure to agents that may cause anaphylaxis within the school environment. If a student qualifies as a student with a disability in accordance with federal law, the student's Section 504 plan, Individualized Education Program (IEP), and/or other plan developed in accordance with applicable federal law shall meet this requirement.

### **Access to emergency medications**

Emergency medications for treatment of the student's food allergies or anaphylaxis shall be kept in a secure location accessible to designated school staff. The student's parent/legal guardian shall supply the school with the medication needed for treatment of the student's food allergies or anaphylaxis, unless the student is authorized to self-carry such medication in accordance with administrative policy [JLCD](#), Administration of Medications. Even if the student is authorized to self-carry, the parent is strongly encouraged to provide self-injectable epinephrine to the school.

### **Staff training**

The principal or designee, in consultation with the school nurse, shall determine the appropriate recipients of emergency anaphylaxis treatment training, which shall include those staff directly involved with a student who has a known food allergy during the school day.

### **PARENTS OF KINDERGARTENERS**

All kindergarten students that do not ride the bus, must be picked up by an authorized adult (i.e. parent or identified guardian) **at the kindergarten fence**. Kindergarteners will not be released to elementary siblings. Kindergarteners may not meet their parents at the kiss-n-go line at the end of the day.

We appreciate your understanding, compliance, and support of these basic traffic and pedestrian regulations to assure a safe environment for students, staff, parents, and visitors at Discovery Canyon Campus!

### **PETS AT SCHOOL**

Pets of any kind are not allowed on the school grounds. Pets may be gentle at home but dangerous at school where they come into contact with many different children. Additionally, other children may have an allergic reaction to your pet. A person with a disability, including but not limited to a blind, visually impaired, deaf, and hard of hearing or otherwise physically disabled person, has the right to be accompanied by an assistance dog specially trained for that person in a place of public accommodation, which includes elementary schools. (C.R.S.24-34-803)

### **PICKING UP STUDENTS**

If you need to dismiss your child(ren) early, please do so no later than 3 PM. To ensure your child is prepared to check out early, please call 719-234-3800 at least an hour in advance. If you arrive after 3 PM to check out your child, he or she will be available at regular dismissal time (3:15).

### **RECESS**

Outdoor play during scheduled recesses is expected of all children unless weather conditions are severe. Students will not go outside if the temperature is below 20 degrees with or without wind chill. Please make sure your child comes to school appropriately dressed for Colorado weather. We know sometimes it is hard to know exactly what the weather will be, so it is always best to be overdressed than to be underdressed.

## **SCHOOL PARTIES AND BIRTHDAY TREATS/INVITATIONS**

For the safety and health of all students, bringing food as a birthday treat is not allowed. Parents may still choose to provide a non-food birthday treat such as stickers, pencils, bubbles, small toys, etc. Please let the classroom teacher know if you will be providing a treat, ensure that there are enough treats for all children in the class, and pre-arrange the delivery details of the treat at least 24 hours in advance.

Invitations to private parties should not be handed out at school unless every child in the class is invited and it is prearranged with the teacher.

## **SCHOOL VISITS**

Parents are always welcome at school. Please use the main elementary entrance when visiting. To enter, please push the doorbell and state your name and reason for visiting. Please enter when the door “clicks.” Parents need to present an ID and sign in at the Elementary Office every visit and receive a visitor’s pass. Friends and relatives are encouraged to watch students participate in events after school (i.e. performances, plays, activities). Any guests, other than parent or guardian, visiting students during the school day must have permission from the parent/guardian. Office staff reserves the right to refuse entrance of any guest if proper authorization is not received by the parent or guardian.

In general, visitors, relatives or friends are not permitted at school during our regular school hours or at school sponsored activities intended for DCC students only such as some classroom parties, field trips, etc. The exception is that family may have lunch with their child(ren). If a parent would like to visit the classroom, we ask that you communicate with the classroom teacher to set up the date, time, and duration of your visit.

Please remember all handicap parking spots are reserved for vehicles appropriately identified and authorized for handicap use only. Vehicles illegally parked in a handicap spot may be ticketed. Vehicles parking in posted “No Parking” areas may be ticketed.

### **Procedure upon entering the building:**

- An individual ID badge is required for all visitors. (Visitors to after school athletic events, plays, concerts, etc. will not be required to get an ID badge.)
- To receive an ID badge, the visitor gives his/her driver’s license OR active military card (not retirement card) to the staff member at the Elementary Office
- ***Even parents and guardians who are recognized and known by staff will be required to show their Driver’s license or military card.***
- A DCC staff member will swipe the driver’s license or military card into the system and an ID badge will be printed for the visitor to wear while on campus. Before leaving campus, visitors will check out and turn in the ID sticker at either the elementary office, middle level Attendance Desk, or high school Attendance Desk.
  
- This ID badge system is utilized at all three levels of the campus – elementary, middle, and high.

## **STUDENT DISMISSAL PRECAUTIONS**

- The school is legally responsible for taking reasonable steps to ensure the health and safety

of its students during the school day. Therefore, each school shall set up procedures to validate requests for early dismissal so that students are released only for proper reasons and to a properly authorized person.

- Under no circumstances shall staff dismiss a student from school prior to the end of the school day or into any person's custody without the direct prior approval and knowledge of the building principal or designee.
- The principal or designee shall not excuse a student under the age of 18 before the end of a school day without a request from the student's parent/guardian. In keeping with this policy:
- A student shall not be released from school early on the basis of an invalidated telephone call.
- Students of divorced or legally separated parents may be released to a noncustodial parent only upon the approval of the custodial parent.
- An elementary student shall be sent home only with a parent/guardian or, if parent/guardian is not available, with another authorized adult.
- Additional precautions shall be taken by the principal or designee as needs arise. The principal or designee has the authority to allow exceptions to this policy in case of emergency.

## **VOLUNTEERS**

- The PTO and DCC staff both actively coordinates volunteers. The school appreciates and depends on this additional help to enhance our educational program. If you volunteer, and must miss your scheduled time or if circumstances arise that don't allow you to volunteer anymore, please call the school and let us know so that we are able to make alternative arrangements. **The district requires that all volunteers and field trip chaperones have a completed background check on file.** Please contact the Elementary Principal Secretary, at 719-234-3815 with any questions regarding volunteering at DCC.
- Volunteers must attend a volunteering orientation meeting. Meetings will be scheduled frequently at the start of the school year. Even if you have volunteered in the past but have not attended the school orientation meeting, you must attend the orientation. (You do not have to complete another background check if you have been previously cleared.
- Some parameters we ask you to follow if you volunteer are:
  - Siblings of students may not be brought to school with a parent who is volunteering
  - Please take your direction from the teacher/staff member and respect the parameters they set –there may be unknown factors contributing to the teacher's decisions
  - Call teacher or front office if not able to make it to your volunteering time
  - Demonstrate care for all students and fellow adults
  - Set good examples of manners, dress, language
  - Only use adult bathrooms
- Put cell phones on silent
- Check-In & wear visitor/volunteer sticker – for safety

- Check-out before leaving building – for safety

## **BEHAVIOR SUPPORT AND DISCIPLINE**

Discovery Canyon Elementary believes it is important to focus on the hard work and positive behaviors of all our students. We celebrate the hard work, success, and positive behavior of our students.

Encompassing the IB Learner Profile is our THUNDER recognition program. Students receive tickets, certificates, and recognition for demonstrating the Learner Profile throughout their day and the year.

Established school rules apply in the classroom, on school grounds, on buses, at bus stops, to and from bus stops, at all school/district sponsored activities, as well as off school property. Behavior that may be detrimental to the welfare or safety of students and/or school personnel, on or off school property, will not be tolerated.

When a child is referred to the administrator for misconduct, it is an opportunity to discuss how the behavior is potentially harmful or hurtful to the student and their peers. The administrators' goal is to understand the situation completely, help the student reflect on the situation, and plan for future success. Consequences for misbehavior may include a warning, loss of privileges, detention, in-school suspension, out-of-school suspension, or recommendation for expulsion. Parents are notified by the teacher and/or administrator of discipline situations and consequences.

### **Student Code of Conduct**

The descriptions below are summaries of more detailed policies. For complete information, please consult the latest version of each administrative policy at [Board Docs - Academy District 20](#).

### **Bullying (administrative policy JICDE):**

The District supports a school climate that is free from threats, harassment and any types of bullying behavior. All types of bullying are unacceptable. "Bullying" is defined in District policy JICDE and state law as "the use of coercion or intimidation to obtain control over another person or to cause physical, mental, or emotional harm to another person. Bullying can occur through written, verbal, or electronically transmitted expressions (i.e., cyberbullying) or by means of physical act or gesture." Bullying is prohibited against any student for any reason, including but not limited to any such behavior that is directed toward a student on the basis of his or her academic performance or any basis protected by federal and state law, including disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry or the need for special education services, whether such characteristic(s) is actual or perceived. Bullying does not necessarily include all conflicts between students. A student who engages in an act of bullying and/or a student that takes retaliatory action against a person, who in good faith reports an incident of bullying, is subject to appropriate disciplinary action, including suspension, expulsion and/or referral to law enforcement authorities. The District cannot respond to allegations of bullying unless it knows about them. Please tell an adult in your building if you have been bullied or if you have witnessed bullying. Safe2Tell® is a way to anonymously report any threatening behavior that endangers you, your friends, your family or your community. To make a report using Safe2Tell®, call 877-542-SAFE (877-542-7233) or online at [Make a Report](#).

During non- instructional time, school staff may restrict students' use of such devices if, in their judgment, use of the devices interferes with the educational environment. Violation of this policy may result in disciplinary action and confiscation of the electronic communication device. A conference between the parent/guardian, student and school personnel may be required in the event an electronic communication device is confiscated. School personnel will not accept responsibility for lost or stolen personal property. The student will assume responsibility for replacement costs in the event that an electronic device or cell phone is lost or stolen.

**Dress Code for Students (administrative policy JICA):**

You have a right to dress as you want in accordance with your own taste so long as it is not materially and substantially disruptive to the educational process. The Student Dress Code, administrative policy JICA, defines certain clothing or appearance as disruptive if it advocates drug use, violence, or unlawful activity. If your clothes are inappropriately revealing or tattered and torn, you will be in violation of the dress code as well. A safe and disciplined learning environment is essential to a quality educational program. District-wide standards on student attire are intended to help encourage school pride and thereby help students concentrate on schoolwork, reduce discipline problems, and improve school safety. The District administration is committed to the idea that students have a right to express themselves through dress and personal appearance, and that student dress has an effect on behavior, work quality and school pride. Students are not permitted to wear apparel that is disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

Subject to approval by the superintendent or designee, school administrators may develop and adopt additional specific dress code standards for their own schools consistent with this policy. Disciplinary actions for violation of the dress code standards will include notification to the student of the violation, the requirement that the clothing be changed before re-entering class, and at the discretion of the building administrator, a parental conference. More severe disciplinary consequences, including suspension or expulsion, may result from repeated or serious violations.

The following shall not be worn in school buildings, on school grounds or at school activities:

1. Any clothing, paraphernalia, grooming, jewelry, accessories, or body adornments that: are disruptive, or potentially disruptive, to the educational environment as determined by the administrator; including but not limited to items that:
  - refer to drug, tobacco, or alcohol;
  - are obscene, profane, vulgar or defamatory in design or message;
  - advocate drug use, violence, or disruptive behavior;
  - threaten the safety or welfare of any person.
2. Clothing that:
  - reveals all or part of the stomach, buttocks or chest; or
  - is backless; or
  - reveals underwear; or

- is inappropriately sheer, short, tight or low-cut.

Exceptions:

Appropriate clothing may be worn in physical education classes or when participating in, or attending, school sponsored sports activities. Clothing normally worn when participating in, or attending, other school sponsored extracurricular activities such as prom or homecoming, may be worn when approved by the administrator and sponsor or coach.

**All students who participate in PE class are required to wear either tennis or athletic shoes** – no hiking boots, Crocs, sandals or flip flops. For their safety, students without proper shoes for PE might not be able to participate in PE games/activities.

**Disciplinary Removal from Classroom (administrative policy JKBA)**

It is the policy of the District to maintain classrooms in which student behavior does not interfere with the ability of the licensed staff member to teach effectively or the ability of other students to participate in classroom learning activities.

Students shall be expected to abide by the code of conduct adopted by the District and any other appropriate classroom rules of behavior established by the licensed staff member, and approved by the building principal, for the purpose of maintaining order and a favorable academic atmosphere. Any student who violates the code of conduct or other classroom rules may be subject to removal from class and/or disciplinary removal.

Student removal from class is a serious measure and should not be imposed in an arbitrary, casual, discriminatory or inconsistent manner. Behavioral expectations are always more constructive and more likely to be followed when they are communicated as clearly as possible to students. However, it is neither possible nor necessary to specify every type of improper or inappropriate behavior, or every circumstance that would justify removal from class under this policy. Licensed staff members are expected to exercise their best professional judgment in deciding whether it is appropriate to formally remove a student from class in any particular circumstance. All instances of formal removal from class shall be documented.

A licensed staff member is authorized to immediately remove a student from his or her classroom if the student's behavior:

1. violates the code of conduct adopted by the District administrative policy; or
2. is dangerous, unruly, or disruptive; or
3. seriously interferes with the ability of the teacher to teach the class or of the students to learn.

A student with a disability may be removed from class and placed in an alternative educational setting only to the extent authorized by state and federal laws and regulations.

Removal from class under this policy does not prohibit the District from pursuing or implementing additional disciplinary measures including, but not limited to, detentions, suspensions, or expulsions for the conduct or behavior for which the student was removed, in accordance with District policy concerning student suspensions, expulsions and other disciplinary interventions. Parents/guardians should be notified of the student's removal from class in accordance with established procedures.

**Drug and Alcohol Involvement by Students (administrative policy JICH):**

It shall be a violation of District policy and considered to be behavior that is detrimental to the welfare and safety of other students or school personnel for any student to possess, use or distribute alcohol or drugs, or to possess drug paraphernalia on school property or at school-sponsored events. **Sharing any controlled substance, including prescription medication, is also a violation of District policy.** In order to promote a healthy and safe learning environment, the school district will take disciplinary action that may include suspension or expulsion from school and may include referral to law enforcement for criminal prosecution.

Students who use or possess alcohol or drugs or are under the influence of alcohol or drugs in violation of policy JICH will be disciplined in the following manner:

First Offense - The student will be suspended for five school days, and the principal may request the superintendent to extend the suspension up to an additional five days. At the discretion of the principal and with the concurrence of the superintendent, this period may be shortened up to five days provided that the student agrees to complete an appropriate program, which may include an alcohol and/or drug education/treatment/counseling program and/or community service, details of which shall be agreed to between principal and parent. Costs of the program shall be borne by student and parent. Failure to provide documentation of completion of the program within the prescribed time limits will result in the imposition of the additional days of suspension.

Based on circumstances of individual cases, including but not limited to situations involving particularly pernicious, harmful, or addictive illegal drugs such as felony class- controlled substances, the principal or designee, at his or her discretion, may recommend additional suspension or expulsion. Violations of administrative policy JLCD on Administering Medications to Students may result in disciplinary action, at the discretion of the principal or designee.

Second Offense - The student will be suspended for ten school days and the principal may recommend expulsion.

Third and Subsequent Offense(s) - The principal or designee may recommend to the superintendent expulsion of the student for up to one calendar year for third offense and all subsequent offenses occurring within three years.

Penalties for Possession of Drug Paraphernalia

Students who possess drug paraphernalia at school, on the school bus, or at school sponsored events will be disciplined in the following manner:

- First Offense - The student will be suspended for three school days.
- Second Offense - The student will be suspended for five school days.
- Third Offense - The student will be suspended for five school days and the principal may recommend an additional five days' suspension, or expulsion.

Penalties for Distribution, Selling, Purchasing or Exchanging Alcohol or Drugs

Students who distribute, sell, purchase or exchange alcohol or drugs, whether by selling or giving, may be expelled, provided that the purchase or exchange of over-the-counter drugs may be limited to a suspension in appropriate circumstances at the discretion of the principal.

**Electronic Communication Devices, including Cell Phones (administrative policy JICJ):**

Electronic communication devices can play a vital communication role. However, unless expressly permitted by a teacher for instructional purposes, the use of electronic communication devices within the classroom is not permitted.

For purposes of this policy, an “electronic communication device” is any device which records, replays, transmits, receives or otherwise conveys information electronically between the student and another person or entity.

Students may carry electronic communication devices approved by the building principal, but these devices must be turned off and put away during instructional time, unless they are being used for instructional purposes and with approval of the teacher. Regarding non-instructional time, school staff members have the authority to restrict students' use of such devices in school buildings, on school buses, at school-sponsored activities and on field trips, if in the judgment of the staff member, the use of the device interferes with the educational environment. Use of a device to record all or part of any classroom instruction is permissible only with the approval of the teacher.

Use of electronic communication devices with cameras is prohibited in locker rooms, bathrooms, or other locations where such operation may violate the privacy rights of another person. It is the student's responsibility to ensure that the device is turned off and out of sight during unauthorized times.

Violation of this policy and/or use that violates any other District policy may result in disciplinary action and confiscation of the electronic communication device. A conference between the parent/guardian, student and school personnel may be required in the event an electronic communication device is confiscated.

The District shall not be responsible for loss, theft or destruction of electronic communication devices brought onto school property.

**Gangs (administrative policy JICF):**

Gang activities at school impose a threat to the welfare and safety of students and others in the school community and cause substantial disruption to the educational process.

The term "gang" as used in this policy refers to two or more individuals who share a common interest, bond, or activity characterized by criminal, delinquent, or otherwise disruptive conduct engaged in collectively or individually.

The Board of Education and District administration desire to keep District schools and students free from the threats of harmful influence of any groups or gangs which advocate drug and/or alcohol use, violence, or disruptive behavior. School district personnel shall maintain supervision of school premises, school vehicles, and school-related activities to deter gang intimidation of students and confrontations between members of different gangs. The superintendent or designee shall establish open lines of communication with local law enforcement authorities to share information and provide mutual support in this effort. The superintendent or designee shall provide periodic in-service training to help staff members identify gangs and gang symbols, recognize early manifestations of disruptive activities and respond appropriately to gang behavior.

Any apparel or manner of grooming which by virtue of its color, arrangement, trademark, or any other attribute denotes membership in or affiliation with any gang is prohibited on school premises, in school vehicles, and at school-related activities. Any gestures, signals, or graffiti which connote gang membership or activities are also prohibited. These prohibitions shall be applied at the

principal's discretion after consultation with the superintendent or designee, as the need arises at individual school sites.

### **Identification**

For the protection of all, you must identify yourself when requested by school authorities: in the school building, on school grounds, on the bus, at the bus stops or at school activities, including off-campus activities.

### **Student Interrogations, Searches, and Arrests (administrative policy JIH):**

The Board of Education and District administration seek to maintain a climate in the schools which is conducive to learning and protective of the safety and welfare of staff and students. To achieve this goal, it may be necessary for school personnel to search the person and/or the personal property of the student and to seize any property deemed injurious or detrimental to the safety and welfare of students and staff.

#### Interviews by school administrators

When a violation of District policy or school rules occurs, the principal or designee may question potential student victims and witnesses without prior consent of the student's parent/guardian. If a school official is investigating a report of child abuse and the suspected perpetrator is a member of the student's family, no contact with the student's family will be made.

#### Searches conducted by school personnel

Searches may be conducted by a school official who has reasonable grounds for suspecting that a search will turn up evidence that the student has violated either the law or policy. When a reasonable grounds for a search exists, school personnel may search a student and/or the student's personal property while on school premises or during a school activity in accordance with this policy and may seize any illegal, unauthorized or contraband materials.

Whenever possible, the student shall be informed of the reason(s) for conducting the search and the student's permission to perform the search shall be requested. A student's failure to cooperate with school officials conducting a search shall be considered grounds for disciplinary action.

#### Search of school property

School lockers, desks and other storage areas are school property and remain at all times under the control of the school. All such lockers, desks and other storage areas, as well as their contents, are subject to inspection at any time, with or without notice.

Students shall assume full responsibility for the security of their lockers and/or other storage areas in the manner approved by the administration. Students shall be responsible for whatever is contained in desks and lockers assigned to them by the school, as well as for any loss or damage relating to the contents of such desks and lockers.

#### Search of the student's person or personal effects

The principal or designee may search the person of a student or a student's personal effects such as a purse, backpack, book bag, or briefcase on school property or at school-sponsored events or activities if the school official has reasonable grounds to suspect that the search will uncover:

- Evidence of a violation of District policies, school rules, or federal, state, or local laws.
- Anything which, because of its presence, presents an immediate danger of physical harm or illness to any person.

Search of the person shall be limited to the student's pockets, any object in the student's possession such as a purse, backpack, book bag, or briefcase, and a "pat down" of the exterior of the student's clothing. The extent of the search of a student's person or personal effects, as well as the means to conduct the search, must be reasonably related to the objectives of the search and the nature of the suspected violation. Additionally, school officials conducting the search shall be respectful of privacy considerations, in light of the sex and age of the student.

Searches of the person shall be conducted out of the presence of other students and as privately as possible by a person of the same sex as the student being searched. At least one person of the same sex as the student being searched shall witness but not participate in the search.

Searches of a student's person and/or personal effects may be conducted without the prior consent of the student's parent/guardian. However, the parent/guardian of any student searched shall be notified of the search as soon as reasonably possible.

Searches of the person which may require removal of clothing other than a coat or jacket shall be referred to a law enforcement officer. School personnel shall not participate in such searches.

#### Detection canines

Searches of school facilities, lockers, personal property, cars, and parking lots may be conducted by authorized persons using trained detection canines under the direction of the school principal or designee.

#### Law enforcement officers' involvement--Interrogations and interviews

When law enforcement officials request permission to question students when students are in school or participating in school activities, the principal or designee shall ascertain that the law enforcement officer has proper identification and shall be present unless a court order provides otherwise. Except when law enforcement officers have a warrant or other court order, or when an emergency or other exigent circumstances exist, such interrogations and interviews are discouraged during students' class time.

It is the responsibility of the law enforcement officer interviewing student witnesses or interrogating student suspects to assure compliance with all applicable procedural safeguards. Upon request by law enforcement to interview a student witness or interrogate a student suspect, school officials shall make an effort to notify the student's parent/guardian, except in cases involving investigation of reported child abuse where the suspected perpetrator is a member of the student's family, when law enforcement has a court order directing that the student's parent/guardian not be notified, or when an emergency or other exigent circumstances exist. However, whether or not to postpone the interview or interrogation until the parent/guardian arrives is the law enforcement officer's decision.

#### Seizure of items

Anything found in the course of a search conducted by school officials which is evidence of a violation of law or District policy or school rules or which by its presence presents an immediate danger of physical harm may be:

- Seized and offered as evidence in any expulsion proceeding. Such material shall be kept in a secure place by the principal until it is presented at the hearing.
- Returned to the student or the parent/guardian.
- Turned over to a law enforcement officer in accordance with this policy. Search and seizure

The principal or designee may request a search on school premises be conducted by a law enforcement officer. When law enforcement officers respond to such a request, no school staff member shall assist or otherwise participate in the search. It is expected that searches by law enforcement will be conducted in accordance with the requirements of applicable law.

#### Custody and/or arrest

Students will be released to law enforcement officers if the student has been placed under arrest or if the student's parent/guardian and the student consent to such release. When a student is removed from school by law enforcement officers for any reason, school officials will make reasonable efforts to notify the student's parent/guardian.

It is expected that all procedural safeguards prescribed by law are followed by law enforcement officers conducting student arrests. However, District staff is not responsible for an officer's legal compliance when arresting a student.

#### **Parking Lot/Vehicle Searches (administrative policy JIHB)**

The privilege of bringing a student-operated vehicle on to school premises is conditioned on consent by the student driver to allow for search of the vehicle when there is reasonable suspicion that the search will yield evidence of contraband.

Refusal by a student, parent/guardian, or owner of the vehicle to allow access to a motor vehicle on school premises at the time of request to search the vehicle shall be cause for termination without further hearing of the privilege of bringing the vehicle on to school premises. If a student refuses to consent to search, a parent or guardian will be contacted to obtain their consent to search. If the consent to search is denied by parent, then the vehicle shall be removed immediately from District property and forever banned from all District property. In such cases, there will be no refund of the parking fees paid, and the student will not be permitted to purchase a future parking pass. Should the vehicle be subsequently found on District property, it is subject to being towed at the owner's expense immediately without notice. Refusal to submit to search also may result in disciplinary action and notification of law enforcement officials.

#### **Student Use of the Internet and Electronic Communications (administrative policy JS)**

The Internet and electronic communications are fluid environments in which students may access materials and information from many sources, including some that may be harmful to students. While it is impossible to predict with certainty what information students might locate or come into contact with, the District shall take reasonable steps to protect students from accessing material and information that is obscene, pornographic, or otherwise harmful to minors. Students shall take responsibility for their own use of District digital resources to avoid contact with material or information that may be harmful to minors.

All material and information accessed/received through the District network shall remain the property of Academy District 20 and subject to disclosure under the Colorado Open Records Act.

### **Unauthorized and unacceptable uses**

Students shall use digital resources in a responsible, efficient, ethical, and legal manner. Because technology and ways of using technology are constantly evolving, every unacceptable use of digital resources cannot be specifically described in policy. administrator is prohibited. Students shall not:

- use another person's password or any other identifier
- gain or attempt to gain unauthorized access to district digital resources

This includes, but is not limited to, the uploading or creation of computer viruses and the use of third-party encryption software.

### **District Provided Devices**

DPDs are provided for education purposes only. They may not be taken out of the country, they will be filtered at school and at home, and they must be taken care of. Any damage should be reported within 24 hours, and upon disenrollment, the device must be returned. Defacing the device with stickers or adhesives is not allowed and if stickers are applied, they must be removed before returning the device to the district. Damage caused by these stickers may cause a fine to be assessed.

### **Unauthorized content**

Students are prohibited from using or possessing any software applications, mobile apps or other content that has been downloaded or is otherwise in the user's possession without appropriate registration and payment of any fees.

### **Monitoring student use**

The District will make reasonable efforts to see that the Internet and electronic communications are used responsibly by students. Administrators, teachers, and staff have a professional responsibility to work together to monitor students' use of the Internet and electronic communications, help students develop the intellectual skills needed to discriminate among information sources, to identify information appropriate to their age and developmental levels, and to evaluate and use information to meet their educational goals.

### **Student use is a privilege**

Use of the Internet and electronic communications demands personal responsibility and an understanding of the acceptable and unacceptable uses of such tools. Student use of the Internet, electronic communications and District digital resources is a privilege, not a right. Failure to follow the use procedures contained in this policy shall result in the loss of the privilege to use these tools and restitution for costs associated with damages and may result in legal action and/or disciplinary action, including suspension and/or expulsion, in accordance with District policy concerning suspension, expulsion and other disciplinary interventions. The District may deny, revoke or suspend access to District technology or close accounts at any time.

Students and parents/guardians shall be required to sign the District's Acceptable Use Agreement annually before Internet or electronic communications accounts shall be issued or access shall be allowed

**School district makes no warranties**

The school district makes no warranties of any kind, whether express or implied, related to the use of District digital resources, including access to the Internet and electronic communications services. Providing access to these services does not imply endorsement by the District of the content, nor does the District make any guarantee as to the accuracy or quality of information received. The District shall not be responsible for any damages, losses or costs a student suffers in using the Internet and electronic communications. This includes loss of data and service interruptions. Use of any information obtained via the Internet and electronic communications is at the student's own risk.

**Student use is a privilege**

Use of the Internet and electronic communications demands personal responsibility and an understanding of the acceptable and unacceptable uses of such tools. Student use of the Internet, electronic communications and District digital resources is a privilege, not a right. Failure to follow the use procedures contained in this policy shall result in the loss of the privilege to use these tools and restitution for costs associated with damages and may result in legal action and/or disciplinary action, including suspension and/or expulsion, in accordance with District policy concerning suspension, expulsion and other disciplinary interventions. The District may deny, revoke or suspend access to District technology or close accounts at any time.

Students and parents/guardians shall be required to sign the District's Acceptable Use Agreement annually before Internet or electronic communications accounts shall be issued or access shall be allowed.

**Suspension and expulsion (administrative policy JKD/JKE):**

Academy District 20 shall provide due process of law to students, parents/guardians and school personnel through written procedures consistent with law for the suspension or expulsion of students and the denial of admission.

The Board and its designee(s) may consider the following factors in determining whether to suspend or expel a student:

1. the student's age;
2. the student's disciplinary history;
3. the student's eligibility as a student with a disability;
4. the seriousness of the violation committed by the student;
5. the threat posed to any student or staff; and
6. the likelihood that a lesser intervention would properly address the violation.

The following are grounds for suspension or expulsion under state law and/or District policy:

1. Continued willful disobedience or open and persistent defiance of proper authority.
2. Willful destruction or defacing of school property.
3. Behavior on or off school property that is detrimental to the welfare or safety of other students or school personnel, including behavior that creates a threat of physical harm to the child or to other children. Nothing in this paragraph shall be construed to limit the school district's authority to suspend a student with a disability for a length of time consistent with federal law.

4. Declaration of the student as a habitually disruptive student, pursuant to administrative policy [JK](#) and its accompanying administrative procedure.
  - a. For purposes of this paragraph, “habitually disruptive student” means a child who has caused a material and substantial disruption three times during the course of the school year on school grounds, in a school vehicle or at school activities.
  - b. The student and the parent, legal guardian, or legal custodian shall have been notified in writing of each disruption counted toward declaring the student as habitually disruptive and the student and parent, legal guardian, or legal custodian shall have been notified in writing and by telephone or other means at the home or the place of employment of the parent or legal guardian of the definition of “habitually disruptive student.”
5. Committing one of the following offenses on school grounds, in a school vehicle, or at a school activity or sanctioned event:
  - a. Possession of a dangerous weapon without the authorization of the school or the school district;
  - b. The use, possession, or sale of a drug or controlled substance as defined in C.R.S. §18-18-102(5); or
  - c. The commission of an act that, if committed by an adult, would be robbery or assault other than third degree assault.

9. Failure to comply with the immunization requirements as specified in Colorado law and administrative policy [JLCB](#) unless a bona fide medical or religious exception applies. Any exclusion for such failure to comply shall not be recorded as a disciplinary action but may be noted in the student's permanent record with an appropriate explanation.

#### Grounds for denial of admission

Admission to Academy District 20 may be denied a student for the following reasons:

1. Graduation from the 12<sup>th</sup> grade of any school or receipt of any document evidencing completion of the equivalent of a secondary curriculum;
2. Failure to meet the requirements of age, by a child who has reached the age of 6 at a time after the beginning of the school year, as fixed by the Board of Education;

#### Expulsion or Denial of Admission for unlawful sexual behavior or crime of violence

When a petition is filed in juvenile court or district court that alleges a student between the ages of 12 to 18 years has committed an offense that would constitute unlawful sexual behavior or a crime of violence if committed by an adult, basic identification information, as defined in state law, along with the details of the alleged delinquent act or offense, is required by law to be provided immediately to the school district in which the juvenile is enrolled.

The information shall be used by the superintendent to determine whether the student has exhibited behavior that is detrimental to the safety, welfare, and morals of the other students or school personnel and whether educating the student in the school may disrupt the learning environment in the school, provide a negative example for other students, or create a dangerous and unsafe environment for students, teachers, and other school personnel. The District shall take appropriate disciplinary action, which may include suspension or expulsion, in accordance with the student code of conduct and related policies.

The Board of Education may determine to wait until the conclusion of court proceedings to consider expulsion, in which case it shall be the responsibility of the District to provide an alternative educational program for the student as specified in state law.

**Use of Physical Intervention (administrative policy JKA and JKA R)**

To maintain a safe learning environment, District staff members may, within the scope of their employment duties and consistent with state law, use physical intervention and restraint with students in accordance with District policy and accompanying regulation. [JKA E2](#) represents the process that must be followed when a student or the student's parent/guardian wishes to file a complaint about the use of restraint or seclusion by a District staff member.

**Weapons (administrative policy JIC1):**

Possession, use, and/or threatened use of a dangerous weapon by students is detrimental to the welfare and safety of the students and school personnel within the District. Using, possessing or threatening to use a dangerous weapon on District property, when being transported in vehicles dispatched by the District or one of its schools, during a school-sponsored or District-sponsored activity or event, and off school property when the conduct has a reasonable connection to school or any District curricular or non-curricular event without the authorization of the school or school district is prohibited.

**As used in this policy, "dangerous weapon" means:**

In accordance with 20 U.S.C. § 7151, a student who is determined to have brought a firearm to a school, or to have possessed a firearm at a school, shall be expelled for not less than one year, except that the superintendent may modify this requirement in writing for a student on a case-by-case basis.

School administrators shall consider violations of this policy on a case-by-case basis to determine whether suspension, expulsion or any other disciplinary action is appropriate based upon the individual facts and circumstances involved.

### **Student Expression**

Students have a limited right to free expression based on the First Amendment to the United States Constitution. Your right to speak (including written expression), however, must not create a material and substantial disruption to the educational process, be obscene, lead to unlawful action, harm someone's reputation, or create a clear and present danger to others.

These legal requirements also apply to how you dress when you come to school or school activities. If you cross the line from protected speech, where you are expressing your point of view/opinion, to speech which creates a material and substantial disruption, you may be disciplined. See policies on Student Publications, [JICE](#); Suspension, Expulsion and Denial of Admission, [JKD/JKE](#); and the Student Dress Code, [JICA](#).

### **Student Conduct (administrative policy JIC):**

It is the intention of the Board of Education and District administration that the District's schools help students achieve maximum development of individual knowledge, skills and competence and that they learn behavior patterns which will enable them to be responsible, contributing members of society.

The District, in accordance with state law, has adopted a written student conduct and discipline code based upon the principle that every student is expected to follow accepted rules of conduct and to show respect for and to obey persons in authority. The code shall emphasize that certain behavior, especially behavior that disrupts the classroom, is unacceptable and may result in disciplinary action. The code shall emphasize proportionate disciplinary interventions and consequences and keeping students engaged in learning. The code shall be enforced uniformly, fairly and consistently for all students.

All administrative policies and regulations containing the letters "JIC" in the file name shall be considered as constituting the conduct section of the legally required code.

The rules shall not infringe upon constitutionally protected rights, shall be clearly and specifically described, shall be printed in a handbook or some other publication made available to students and parents/guardians, and shall have an effective date subsequent to the dissemination of the published handbook.

The Superintendent shall arrange to have the conduct and discipline code distributed once to each student in elementary, middle, junior high and high school and once to each new student in the District. The superintendent shall ensure reasonable measures are taken to ensure each student is

familiar with the code. Copies shall be posted or kept on file in each school of the District.

The code shall apply to behavior in the classroom, on school grounds, in school vehicles, at school activities and events, and in certain circumstances, to off-campus behavior. In all instances, students shall be expected to conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the board in all District staff members, the educational purpose underlying all school activities, the widely shared use of school property, and the rights and welfare of other students. All staff members of the District shall be expected to share the responsibility for supervising the behavior of students and for seeing that they abide by the established rules of conduct.

#### **Student Discipline (administrative policy JK)**

The District, in accordance with state law, has adopted a written student Conduct and Discipline Code based upon the principle that every student is expected to follow accepted rules of conduct and to show respect for and to obey persons in authority. The Code also emphasizes that certain behavior, especially behavior that disrupts the classroom, is unacceptable and may result in disciplinary action. Additionally, the District has adopted policies and procedures for handling general and major discipline problems for all students of the District which are designed to achieve these broad objectives. All administrative policies and regulations containing the letters "JK" in the file name constitute the discipline section of the legally required code.

### **PARENT AND STUDENT RIGHTS AND RESPONSIBILITIES**

#### **Accelerating Students through Concurrent Enrollment (ASCENT) (administrative procedure IHCDAR 2)**

Is a fifth-year program which allows eligible students to participate in concurrent enrollment courses for the year after 12<sup>th</sup> grade. Student eligibility includes meeting graduation requirements and the completion of at least 12 credit hours of transcribed postsecondary courses (non-remedial) by the completion of the 12<sup>th</sup> grade year. [C.R.S. § 22-35-108]. ASCENT is a fifth year only program. Participation in the CE or ASCENT programs must align with a student's Individual Career and Academic Plan (ICAP). Students must complete the District's ASCENT application process and submit all approved documents to the high school concurrent enrollment designee by the published deadline.

#### **Asbestos Hazard Emergency Response Act (AHERA) Annual Legal Notification**

In accordance with the United States Environmental Protection Agency's Asbestos Hazard Emergency Response Act, the District has Asbestos Management Plans available for review at each school and at Facilities Management, 10221 Lexington Dr., Colorado Springs, CO 80920. Contact the Director for Facilities with any questions. Telephone: 719-234-1510.

#### **Assessments (administrative policy IKA)**

State and federal laws require District students to take standardized assessments in the instructional areas of English language arts, math and science. If a student's parent/guardian chooses to opt the student out of taking a state assessment, the District shall not prohibit the student from participating in an activity, or receiving any other form of reward, that the District provides to students for participating in the state assessment. C.R.S. § 22-7-1013 (8)(b).

#### **Attendance and Truancy (administrative policies JE, JH, JHB)**

Daily attendance at school is a critical factor in school success. Students are expected to arrive at school each day on time, ready to learn. It is difficult to replace the learning that occurs in the classroom through the exchange of ideas with study outside the classroom. Excessive absences and/or tardies, whether excused or unexcused, may have a negative effect on a student's learning and grades.

Colorado law requires every student who is age six by August 1 and under 17 to attend school a certain number of hours [C.R.S. § 22-33-104(1)(a)]. Parents have a legal obligation to ensure that every child under their care and supervision receives adequate education and training [C.R.S. § 22-33-104(5)(a)].

Per District policy [JE](#) and state law, excused absences are as follows:

1. Absences approved by the principal or designee.
2. Absences due to temporary illness or injury.
3. Absences for an extended period of time due to physical, mental or emotional disabilities.
4. Absences due to being in the custody of the court or law enforcement authorities.

If an absence does not fall into one of the above categories, it will be considered unexcused. Medical notes may be requested if a student has excessive absences.

State statute defines any student who has four unexcused absences in a month or ten unexcused absences in a school year as habitually truant. [Administrative policy [JE](#) and C.R.S § 22-33-102(3.5)]. Be aware that the District will first take steps to work with families to reduce truancy, but that we partner with local juvenile courts to intervene and address “habitual truancy.” When a student has an excessive number of absences, whether excused or unexcused, they negatively impact the student’s academic success. The principal may identify a student who is absent 10% of a quarter, even if the absences are excused, as “chronically absent.” [Administrative policy [JH](#), Student Absences and Excuses]. Legal action may be taken by school administrators if parents and students fail to follow compulsory attendance laws [Administrative policy [JHB](#), Truancy].

### **Balancing Rights and Responsibilities**

With student rights come student responsibilities. In most cases, this means “follow the rules.” The rights of all others in the school environment are protected when students exercise responsibility and follow the rules.

The rules and regulations, the most important of which are summarized in this handbook, are designed to protect rights, yours and others’. They help set expectations so that students learn behavior patterns which enable them to become responsible members of society. The rules also allow us, if necessary, to discipline individuals who do not respect rules. They also help protect every student’s right to an education. Given the Columbine tragedy and other more recent events, students need to tell an adult if they are aware of other students who are planning to harm themselves or others in the school or community. This is not being a “snitch” or a “tattle- tale.” It is responsible citizenship that could save lives, including your own. Safe2Tell® provides a way for students to anonymously report any threatening behaviors or activities endangering them or someone they know. A report can be made by calling 877-542-SAFE (877-542-7233) or online at [Make a Report](#).

### **College Classes-Opportunity to Earn College Credits and Accelerate Learning Pathways to College**

Students may earn college credit at a significant cost and time savings.

**Concurrent Enrollment (CE) Programs Act [C.R.S § 22-35- 103(6)(a)] and District 20 Concurrent Enrollment policy [IHCDA](#)**

Make it possible for eligible students in grades 9-12 who are under the age of 21 and officially registered at an Academy District 20 high school and at a qualified institution of higher education to earn college credit at a significant cost and time savings. Interested students may contact the high school counselor for information on the eligibility criteria and application process as identified by the statute and the District policy.

**Confidential Student Records-also see (The) Family Educational Rights and Privacy Act (FERPA)**

The District protects the confidentiality of student records in accordance with the Family Educational Rights and Privacy Act (FERPA). Therefore, without written consent from a parent or guardian, we do not disclose personally identifiable information from a child's education records unless disclosure is covered by one of the exceptions in FERPA (see administrative policy [JRA/JRC](#)). If you wish to allow a third party (for example, a step-parent or other family members) access to personally identifiable information from your child's education records, please contact your building administrator to request a third-party consent form. Each parent or guardian must complete the form and have his or her signature notarized. Return the notarized forms to your building administrator. The permission will be effective until a parent/guardian revokes permission in writing and submits the revocation to the building administrator.

**Custodial And Non-Custodial Parent Rights and Responsibilities**

School officials presume that the parent who enrolls a student in school or who files a choice application is the student's custodial parent. Unless a currently effective Colorado court order specifies otherwise, the custodial parent shall be the one whom the school district holds responsible for the education and welfare of the student.

In the event the child resides with both parents for equal periods of time during a normal school week, either by splitting time equally between the parents during a normal school week or by residing with each parent on alternating school weeks, and if parents do not agree concerning an educational decision, the superintendent or designee shall determine which parent's instruction to follow regarding the matter in dispute on an interim basis until the parents either reach agreement regarding the disputed matter or the school officials receive a valid Colorado court order or decree that resolves such dispute. Such interim determination shall be within the sound discretion of the superintendent or designee.

If the rights of a non-custodial parent are restricted by a Colorado court order, the custodial parent shall provide the school with a certified copy of the currently effective court order curtailing these rights. Unless informed through the submission of such a court order, the school district assumes there are no restrictions regarding a non-custodial parent's rights, including the right to access the student's educational records. The student shall not be permitted to visit with or be released to anyone, including the non-custodial parent, without the approval of the custodial parent.

**Equal Educational Opportunity (administrative policy JB)**

Every student of this school district shall have equal educational opportunities through programs offered in the school district regardless of disability, race, color, ancestry, creed, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry, or need for special education services.

## **Evaluation**

You have a right to be evaluated fairly. Grades, progress reports, and other forms of evaluation should be based on requirements that are clearly set forth by teachers and they should be applied fairly to all students.

## **The) Family Educational Rights and Privacy Act (FERPA) (administrative policy JRA/JRC), Notification of Rights under:**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. FERPA does permit disclosure without a parent's or guardian's written consent to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, teacher, or support staff member (including but not limited to paraprofessionals, transportation personnel, health and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contactor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own staff members and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor medical consultant, or therapist; a parent or student volunteering to serve on an official committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
4. The right to file a complaint with the U.S. Department of Education concerning alleged

failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of  
Education 400 Maryland  
Avenue, SW Washington, DC  
20202-8520

**FERPA Notice for Directory Information (administrative policy [JRA/JRC](#))**

FERPA requires that the District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the District to disclose directory information from your child's education records without your prior written consent, you may opt out using the Extended Parent Portal. Contact your school if you need access to a computer.

The District has designated the following information as directory information:

- Student's name
- Photograph
- Student's grade
- Dates of attendance
- Enrollment status
- Participation in officially recognized activities & sports
- Weight and height of members of athletic teams
- Major field of study
- Degrees, honors, and awards received
- The most recent previous educational agency or institution attended

Please note that FERPA contains a specific exclusion for records such as investigative reports, risk assessments, and other records created and maintained by school security personnel, which may be disclosed without consent. 20 U.S.C. § 1232g(a)(4)(ii)(B)(II).

### **Free Association**

You are generally free to associate with groups of your own choosing. However, any group, school-sponsored or not, that acts to interfere with the rights of others, or disrupt the educational process, may be subject to disciplinary actions by school officials or appropriate law enforcement agencies.

### **Free or Reduced Lunch (administrative policy EF)**

Students do best in school if they have eaten a nutritious and balanced meal. Academy District 20 participates in the National School Lunch Program that provides free or reduced-price lunches to eligible students. The Board of Education agrees to the federal eligibility regulations, and the food service program meets all state and federal requirements relating to meal and menu records, fiscal controls and accountability, free and reduced-price meals, civil rights compliance, sanitation, and safety.

For more information about services for homeless students, refer to administrative policy [JFABD](#) or contact the Homeless Liaison Coordinator Aubrey Ranson at 719-234-1362.

### **Individual Dignity**

Every person is entitled to be treated with respect and dignity regardless of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry or need for special education services. The dignity of each individual is best served when all concerned, whether staff or students, treat one another respectfully. Academy District 20 is committed to a learning and working environment free from any form of violence or abuse including, but not limited to, actions, words, or insults towards our students, staff, and parents.

The District does not tolerate harassment or bullying in Academy District 20 schools, at school activities or on school buses or at District bus stops. To enhance safety on school buses, video and audio recording devices have been installed and may be in operation at any time.

Administrative policy [AC](#) – Nondiscrimination/Equal Opportunity, and procedures [AC-R](#) and [AC-R-2](#), outline the formal complaint process. The following person has been designated to handle inquiries regarding the non-discrimination policies:

Academy District 20  
1110 Chapel Hills  
Drive  
Colorado Springs, CO 80920

Academy District 20 has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also

directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation in the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Students are expected to treat all property with care and respect. This applies to property of the school, private property brought to school by school staff or other students, and to property surrounding the school. Neither the District nor the school is responsible for loss, damage or theft of personal property.

### **Screening and Testing of Students (and Treatment of Mental Disorders) (administrative policy [JLDAC](#))**

Parents/guardians and eligible students have the right to review any survey, assessment, analysis or evaluation administered or distributed by a school to students whether created by the District or a third party. "Eligible student" means a student 18 years of age or older or an emancipated minor.
