

Yearbook Staff Application for Fall 2023

Please submit all components by Feb 24th to Ms. Rathmann in Rm. 329

Name: _____

Email: _____ Current Grade Level: _____

Current GPA: _____ Current Lang/Lit Grade: _____ Any Lang & Lit Elective Class&Grade: _____

Which team are you most interested in joining? (Select all that apply.)

- Layout/Design
 - Creating original and creative display designs for yearbook pages
- Photography
 - Capturing candid moments of the activities and experiences at DCC
- Writing
 - Creating written descriptions of school events using in depth interviews
- Marketing
 - Promoting the yearbook and yearbook sales through creative marketing tools

Based on your selection above, complete ONE of the following tasks:

- Layout/Design
 - Create a design for one page of the yearbook. Select something that interests you (a sport, a play, a club, etc.) and create the design you would use to present it. You do not need to include actual photos or writing, just the layout and design showing where things would be placed, what colors you would use, etc. You can sketch or draw this, create a document on the computer, or any way you can show off your creativity!
- Photography
 - Submit five photos you have taken personally (using a phone is fine). Write a caption for each, which conveys the purpose of the image.
- Writing
 - Interview one person in this school about a topic of your choice. Construct a brief paragraph detailing your topic using your knowledge and specific quotes from your interviewee.
- Marketing
 - Create your own marketing device to sell a yearbook to the students at DCC! You can create a small poster, a fake social media post, or show or explain a new and creative way to market the yearbook.

Submit your completed work with this application form to Ms. Rathmann in Rm. 326 by May 24th

You need to also ask TWO teachers (other than Ms. Rathmann) to complete a recommendation form for you. Please give them the following URL to complete their recommendation: <https://forms.gle/yr4USPsg5jwMXHv76> or have them scan the QR code to the right ----->
