Parents and Guardians,

Welcome to Timberview Middle School! We are so excited to welcome your student(s) to the Timberview Middle School Community! Here at Timberview, we believe that Middle School is a time for your child to grow, explore, and belong.

We are excited that you are part of our Timberview pack and hope you have an enjoyable year while you continue to learn, explore challenging opportunities, and make new friends. The expectation at Timberview is that students demonstrate the HOWLS Habits of Mind (**H**onor, **O**wnership, **W**ork hard, **L**eadership, and **S**afety) always. Students are expected to set achievable goals for high academic achievement and behavior expectations. Character expectations are centered in Respect, Integrity, Kindness, and Compassion. It is your responsibility to demonstrate proficiency in each of your classes and to conduct yourself appropriately. Timberview Middle School has a rich history that was founded on the cornerstones of Excellence; Exploration; Communication; and Commitment. These principles have guided the philosophy and direction of Timberview since it opened in January 1989. Timberview Middle School is a John Irwin School of Excellence and continues to rank in the top 25% of all middle schools in Colorado. Timberview Middle School offers a variety of challenging academic courses in a school culture guided by the core middle school principles of small academic teaching teams called packs. Students are also exposed to a variety of exploratory courses in the arts, technology, and the humanities. In keeping with traditional middle school philosophy students are randomly assigned to exploratory courses for 6th and 7th grade by quarter. 8th grade students can choose semester-long exploratory courses. Students have a Wolf Time period scheduled during the day where interventions, extensions, and pack activities are provided. Timberview Middle School offers a wide range of interscholastic and intramural sports programs, as well as many other extracurricular activities for students.

Please read this handbook carefully. It contains helpful information to make your year a success, but it is not all-inclusive. Questions and concerns should be directed to your teachers, grade level counselor, or an administrator. We ask that you make a commitment to become actively involved in your studies and in other activities offered to Timberview Middle School students. We want your experience at Timberview to be challenging, exciting, and fun!

Have a great year... and as always... Go Timberwolves!

Regular Academic Daily Schedule

7:45 am Classes Begin
2:50 pm School Day Ends

District 20 Two-Hour Delay Start Daily Schedule

9:45 am Classes Begin
2:50 pm School Day Ends

Emergency Closings (See Academy District 20 website for more information): The Superintendent or designee is empowered to close the schools, delay their start or dismiss them early in the event of hazardous weather or other emergencies that threaten the safety, health or welfare of students or staff members. Parents are asked to help with the decision as far as their own students are concerned. If a parent judges the weather conditions as too hazardous to send his/her student to school, that student should be kept at home and the absence will be considered excused. Please refer to the “Attendance” section for guidelines regarding making up missed work. If, at any time during the day a parent desires to pick up their student due to hazardous weather please follow the sign out procedures.

Emergency Closing Procedures:

- School Cancellations: If the decision is made to cancel school, the district will send a 20 Alert in addition to local radio and television stations announcing the district is closed. Local radio and television stations will be informed of the decision by 6:00 am. If the school is closed due to poor weather conditions, students may still participate in their scheduled courses through e-learning. If we have an e-learning day, students should check Schoology for instructions.
- Delayed Start: Should adverse weather conditions appear to be developing during the 5:30 am decision time frame, the Superintendent may delay the start of school. The district will send a 20 Alert in addition to local radio and television stations being informed by 6:00 am of the delay. We will also be on a delayed start for the Friday PLC’s.
- Early Release: If school is in session and a storm develops during the day, a decision may be made to send students home early. The district will send a 20 Alert in addition to local radio and television stations announcing that Academy District 20 students are being dismissed early. This information is also available on the district and school website. *

*Parents must make prior arrangements for their student to have a place to go on early release days. Timberview requires a completed “Inclement Weather/Emergency Dismissal” designation on IC at the beginning of the school year.

HOURS

The main office for Timberview Middle School is staffed from 7:30 am to 3:00 pm on all school days. Parents must have transportation arrangements for their students to be off school grounds by 3:00 pm. Students in the building after 3:00 pm must be in a supervised activity. Students arriving prior to 7:30 am will have to wait outside until the doors are open at 7:35 am. During periods of inclement weather, the cafeteria will be opened at 7:15 am for students to wait in the cafeteria until 7:35 am. Students may enter the school prior to 7:30 only with a pre-arranged appointment with a teacher.

Deliveries: Deliveries for students, such as flowers, balloons, food, or gifts cannot be accepted by students or school personnel. If a student forgets something (e.g., materials, lunch, or lunch money), a parent/guardian may drop the item(s) off at the main office.

Visitors: In order to provide for the safety of students and minimize disruptions, visitation by parents, relatives, or guests is not permitted during school hours or at school sponsored activities intended for Timberview students only, such as dances, field trips, assemblies, etc. Anyone approved to visit TMS during school hours must be signed in through the main office, pass an initial RAPTOR security screening, and receive a visitor’s badge to be in the school.

Volunteers: Any individual who wishes to volunteer at Timberview in any capacity must complete the district volunteer form. Academy District 20 requires all parent volunteers who work with children on a regular basis to submit a form clarifying that the volunteer has or has never been convicted of a felony or misdemeanor (other than a misdemeanor traffic offense or traffic infraction). Volunteers who work with children in Academy District 20 will be required to complete a Background Report/Applicant Testimony form and a criminal background check through the Colorado Bureau of Investigation (CBI). The parent volunteer process information may be requested from an administrator. Forms to be complete can be found below or can be retrieved from the TMS main office.

ATTENDANCE - To report an absence, email tms-attendance@asd20.org or call 719-234-3601

Daily attendance is imperative to academic and school success. Students are expected to be present and on time for all classes in an in-person learning or synchronous learning environment. All absences must be reported to the attendance office by the end of the day. Parents/guardians must provide written excuses for absences of three consecutive days or more. Excessive absences and/or tardies may require an attendance plan. Unverified absences will be recorded as unexcused after three days. In accordance with Colorado state law C.R.S. 22-33-107(3)(a), and Academy District 20 Administrative Policy JE, absences can only be excused for the following reasons:

- Verified absences due to temporary illness or injury*
- Verified absences for an extended period of time due to physical, mental, or emotional disabilities
- Verified absences due to being in the custody of the court or law enforcement authorities
- Absences approved by the principal or principal's designee – Please use the [pre-arranged absence form](#) to obtain approval. Forms can also be found in the counseling office.

*Excessive temporary absences due to illness or injury may require a written doctor's excuse. Absences not fitting into one of the above categories will be recorded as unexcused.

Any schoolwork missed during an excused absence must be made up within at least the same number of days that the student was absent. It is the student's responsibility to check with their teacher or pack Schoology page regarding missing assignments.

Attendance and Extracurricular Activities: If a student is absent from school, they cannot participate in any after school and/or extra-curricular activity (e.g., athletics, dances, clubs, etc.) on the day of the absence. The student must attend more than half (more than 3.5 hours) the school day to be eligible to participate in any after school and/or extra-curricular activity.

Tardy Policy: Students have four minutes between classes to attend to personal business and are expected to be prepared to learn on time, with all necessary materials. Students who are tardy to class more than twice will receive teacher consequences for the third, fourth, and fifth tardy. After the fifth tardy, students will receive an office referral and may receive additional consequences. Parents/guardians are asked to track student tardiness in IC and discuss the importance of being on time and prepared for class with their children.

Signing Students In and/or Out: For the safety of students, parents and/or guardians are required to sign students in and/or out at the attendance office after 7:50 am and before 2:50 pm. Students arriving after 7:50 am must be signed in at the attendance office by a parent/guardian. Students not signed in at the office by a parent/guardian will receive an unexcused tardy. If a student needs to leave school early for an appointment, the parent/guardian must sign the student out of school. Students will be called to the office for early release only after the parent/guardian has signed the student out from the attendance office. Proper identification is required for anyone signing students out. A parent or guardian must call the attendance office to give permission for their student to be released to anyone not listed in Infinite Campus. Students will not be released to siblings, grandparents, or emergency contacts without prior permission from the parent and/or guardian. Additionally, if you would like to authorize someone to check your child out, you may complete a [pick up authorization form](#) and submit it to the office. When coming to check out a student early, please allow **10-15** minutes for students to be ready to depart. If at lunch, students may not be available for immediate pick up and parents may need to wait until the following class period to pick up their student. [Student Pick Up Authorization Form.docx](#)

ATHLETICS AND ACTIVITIES

Intramural and/or interscholastic athletic programs include football, volleyball, basketball, and track for 7th and 8th grade students. Intramural and/or interscholastic swimming, golf, soccer, racquet sports, cross-country, softball, and wrestling and cheerleading are available for 6th, 7th, and 8th grade students. Registration information for all sports and clinics is available online at [Athletics | Timberview Middle School \(asd20.org\)](http://Athletics | Timberview Middle School (asd20.org)) and from the athletic office. All registration is to be completed online. If you do not have access to a computer, please contact the athletic office for more information.

Intramural and interscholastic practices begin immediately after school. Practice days and end times vary depending on sport. Interscholastic and intramural seasons for each sport run concurrently. Interscholastic teams compete against other schools and the intramural teams compete against other TMS intramural teams. Uniforms are provided for interscholastic games. Students are to provide their own shoes and practice clothing. The fee to participate in a sport is \$45, except football, which is \$65, and golf, which is \$70. Sports fees are payable by check or cash to the school bookkeeper or online through the parent portal on InfiniteCampus. If this fee presents a hardship, contact the Athletic Director as soon as possible. Refunds will not be issued unless the student follows proper withdrawal procedures as outlined in each sport's registration letter. Paying the fee does not register the student for the sport, the online registration and a current physical must be completed prior to participation in an intramural, interscholastic sport, or sports clinics. A current physical **MUST** be on file with the school before participating in any practices. Additionally, parents must register online for each sport and sign the sports constitution form online.

Athletic Eligibility Requirements (applicable to Interscholastic Athletes):

- The purpose of athletic eligibility requirements is to foster an environment that enhances the responsibility of students at Timberview Middle School.
- All students selected for Interscholastic teams are expected to also participate in the Intramural program.
- The procedure outlined below allows for students to be notified of an academic deficiency and assume responsibility for correcting the deficiency. Each week during the competitive season, the Athletic Office completes a grade check. Students are placed on an ineligible list for the following week if they have one F or two Ds. Students will be made aware of their eligibility status weekly and will be provided eligibility forms as needed. It is the student's responsibility to complete the eligibility form if he/she is found to be in an ineligible status. The student will seek assistance from the teacher of the class in which he/she has the F or D. This plan will include a reasonable action plan with a timeline for completion. The student athlete will review the plan with his/her parent and obtain a parent's signature. The student will keep the form while working on the improvement plan. When the student has completed the improvement plan (or made steady progress), the student must obtain the teacher's signature next to Steady/Complete Progress on the form. This form must be turned in to the Athletic Director's secretary by Friday afternoon. The student is then given an eligibility pass to take to the coach, informing the coach that he/she is now eligible. **Important:** If the athlete does not correct the deficiency by Friday, they will be ineligible the entire following week.
- Parents will need to provide transportation to and from away games for Interscholastic events as school transportation will not be provided.

After School Activity Release: The time period for after school activities (athletics, clubs, instructional support, and other school sponsored activities) varies depending on the activity or amount of support required. The supervising teacher or coach will communicate after school activity times to parents. Students in after school activities are to remain with the supervising teacher or coach until released by the teacher or signed out by a parent. Parents are responsible for student transportation at the conclusion of all after school activities. In the event a parent needs to pick up a student during an after school activity they must sign them out with the sponsor and/or coach.

After School Events: After school events, such as dances and movies, are a privilege for students. An admission fee may be charged and attendance is dependent on student behavior. Students are expected to remain at the event until the end unless released to a parent. Students will be dismissed from events for inappropriate behavior.

Academy District 20 and Timberview Middle School are committed to a learning and working environment free from any form of violence and abuse including, but not limited to, actions, words, or insults toward our students, staff, and parents. Timberview Middle School believes that effective communication is at the heart of student success. The three tenets of effective communication are:

- **Be respectful**
- **Be student-centered**
- **Be solution-oriented**

Communication must begin with the person closest to the student and the problem (in most cases, the teacher). Parents are required to contact teachers first with their concerns prior to contacting a counselor or administrator. Parents who have not contacted the teacher will be directed back to the teacher if the teacher is not aware of concerns from a parent. Teachers will return emails and phone calls within two (2) school days.

Announcements: Parents may receive special announcements and updates via email with the 20Alert feature. To receive special emails from Timberview Middle School, you must sign up for this service through the District 20 website on the Parent/Student link. Important information is also posted on the Timberview website.

Conferences: Parent/teacher conferences are valuable in ensuring optimal opportunities for student success. Formal parent/teacher conferences are held in the fall (October) and in the spring (March). These conferences are scheduled by appointment and are designed to summarize a student's academic, behavioral, and social success with parents. Parent/teacher conferences may also be arranged with individual or pack teachers by request.

Academic Information: Students and parents have access to Schoology and Infinite Campus and teachers will communicate assignments and learning through these platforms.

COUNSELING OFFICE

The counseling department's goal is to help all students reach their academic potential by enhancing students' social-emotional well-being. Counselors are assigned a grade level and follow students through each of their grade levels. Students may come to the counseling office before school or after school on their own or during school if the student has a pass from a teacher. If it is not an emergency, the student will make an appointment to see a counselor at the earliest possible time.

ICAP: The counseling department is responsible for the Individual Career and Academic Plans (ICAP) for students. ICAP is the result of the efforts of teachers, students, counselors, administrators and parents on the Graduation Requirements Implementation Committee. The committee understood the need for good post-secondary planning to assure that all students will be prepared to make decisions about their futures. ICAP is much like a portfolio where students learn about and record information such as learning styles, interest inventory results, awards, and community service records. Additionally, we will also use ICAP to help students plan for high school course work, keep track of graduation credits, and record college entrance exam scores. An integral component of ICAP is Naviance (<https://www.powerschool.com/classroom/naviance/>), an online program used in District 20. Naviance provides grade level appropriate career interest and abilities inventories, a work values survey, detailed information on careers, training and education, postsecondary majors and college admissions. You can access Naviance from home through the "Logins" button on the Timberview website. Once there, enter your user ID and password. Timberview students will be participating in the ICAP program through their pack teachers with the support of their grade level counselor. Students are encouraged to discuss with their parents what they have learned and visit the Naviance website together. As with all learning, your dialogue with your child will make this experience even more meaningful for him/her. You are very important in this process of post-secondary planning, so please let us know if we can assist you in any way. In order for your child to participate in ICAP, you will need to allow access by completing the District Internet Agreement. If you have questions or concerns about ICAP or Naviance, please contact your student's counselor at 719-234-3626.

BEHAVIOR

Student Code of Conduct: In accordance with District 20 Policy JICDA, Timberview Middle School students are expected to conduct themselves in such a way that each student contributes to a school culture that is safe, healthy, positive, and conducive to learning.

A safe, respectful, and effective learning environment is the priority at Timberview Middle School. The expectation at Timberview is that students demonstrate the HOWLS Habits of Mind (**H**onor, **O**wnership, **W**ork hard, **L**eadership, **S**afety) always. Timberview adheres to Academy District Twenty's Code of Conduct Policy JICDA and Bullying Prevention and Education Policy JICDE. The staff at Timberview believes all students should have the opportunity to learn from their mistakes; therefore, we have a tiered level of behavior interventions to support student success. In all situations, students are afforded the opportunity for due process. Students may be assigned a consequence based upon the severity of their offense

VAPING

Possession/Use/Distribution of a Vape with or without nicotine:

1st offense: 1-3 days out-of-school suspension and completion of a school based tobacco prevention program

2nd offense: 3-5 days out-of-school suspension and completion of a school based tobacco prevention program

Possession/Use/Distribution of a Vape with THC:

1st offense: 5-10 days out-of-school suspension, completion of a school based drug prevention program, and a possible ticket from law enforcement.

2nd offense: 10 day out-of-school suspension and a possible ticket from law enforcement.

DRESS CODE

The following shall not be worn in school buildings, on school grounds or at school activities:

Any clothing, paraphernalia, grooming, jewelry, accessories, or body adornments that: are disruptive, or potentially disruptive, to the educational environment as determined by the Administrator; including but not limited to items that: refer to drug, tobacco, or alcohol; are obscene, profane, vulgar or defamatory in design or message; advocate drug use, violence, or disruptive behavior; threaten the safety or welfare of any person.

Clothing that: reveals all or part of the stomach, buttocks or chest, or; is backless, or; reveals underwear, or; is inappropriately sheer, short, tight or low-cut. If your clothes are inappropriately revealing or tattered or torn, you will be in violation of the dress code as well.

Disciplinary actions for violation of the dress code standards will include notification to the student of the violation, the requirement that the clothing be changed before re-entering class, and at the discretion of the building administrator, a parental conference. More severe disciplinary consequences, including suspension or expulsion, may result from repeated or serious violations.

CELL PHONE POLICY

Cell Phones and Personal Electronics Policy

Cell phones and personal electronic devices are not allowed out during the school day. They are to be kept in student backpacks. District 20 Policy JICJ acknowledges electronic communication devices can play a vital communication role. However, unless expressly permitted by a teacher for instructional purposes, the use of electronic communication devices while at school is not permitted.

1st Offense: Students who have their phone or other electronic device will be redirected to put the item away in their backpack.

2nd Offense: Students will be asked to bring the item to the office, where it will be turned in for the remainder of the day. Students will phone their parent/guardian to make them aware that this is their second offense.

3rd Offense: Students will be asked to bring the item to the office, where it will be turned in. Parents will be contacted by the grade level administrator and parents will be required to come in and pick up the item.

Any further offenses will result in further disciplinary action.

Personal Electronics include earbuds/AirPods, iPads, tablets, gaming devices, and anything not associated with educational activities. Electronic watches may be worn, as long as they are not a distraction to the learning environment. Timberview Middle School and Academy School District 20 do not assume responsibility for lost, stolen, or damaged personal electronic devices or property.

Scent-Free School: Timberview Middle School encourages the appropriate use of hygiene products before our students come to school. The inappropriate use of any aerosols, fragrances, or any other scented product are prohibited.

FEES

Timberview Middle School does not charge any course fees for students to access instruction and resources for any courses with the exception of the \$55 laptop rental fee. Athletics, clubs, activities, band instruments, and field trips all require a fee. If you are in need of fee assistance, please contact your grade level administrator or the TMS Bookkeeper.

FINES

Students are responsible for the maintenance and proper use of all school materials, textbooks, equipment, and rentals. Parents are responsible for financial obligations related to student use of all school materials. Parents are responsible for fines issued for loss and/or damage of school materials and unpaid balances for school lunches, field trips, and transportation. Fines will be entered into the Infinite Campus database and follow students from school to school.

Students with outstanding fines may be ineligible to participate in activities, be restricted in the issuance of materials, or have a delay in registration until the fines are paid in full.

GRADING

Grading provides timely and effective feedback on student learning to both students and parents. As learning environments differ, so do grading systems. Timberview gives teachers the autonomy to utilize a grading system that provides the most effective feedback to encourage student learning in their classrooms. These grading systems generally fall into two categories: standards-based reporting, and traditional reporting. In both cases, grades are converted to letter grades and are posted to the student transcript.

IC Grade Updating: Teachers will communicate IC and Schoology grading procedures to students and parents at the beginning of the school year. All teachers will grade and enter daily homework, quizzes, and test scores in Schoology and IC within two weeks of the due date. Teacher illness and unexpected circumstances may necessitate deviation from the policy. Parents have 24/7 access to Infinite Campus to monitor their child(ren)'s progress in classes. Please use this tool regularly.

WolfTime: WolfTime classes are used for enrichment and academic support. Grades in these classes are based on progress toward student learning goals. These grades are reflected as: Satisfactory, Progressing, and Needs Improvement. These grades are not converted to letter grades and are not reflected on student transcripts.

HEALTH ROOM

Timberview does not have a full-time nurse on staff. A health clerk paraprofessional staffs the health room, as well as other trained Timberview office staff. Except for an emergency, students must have a pass from a staff member to go to the health room. Students may not stay in the bathroom when sick; they must come to the health room. Students are generally limited to approximately 10 minutes in the health room. After this limited time, parents will be called to make arrangements for the student to go home or the student will return to class. Before a student goes home, a parent/guardian must sign the student out at the attendance office. Students needing to be released from school due to illness or injury must be evaluated by the health room clerk prior to being excused from school.

Academy District 20 Illness Guidelines and Infectious Diseases in School Setting: Guidelines for School Nurses and Personnel per Colorado Department of Public Health and Environment states that students with one or more of the following symptoms will be excluded from school until the symptoms have resolved:

- ❑ Temperature of 100.5 Fahrenheit or higher (temperature must be normal for 24 hours without the aid of anti-febrile medications [aspirin, Tylenol, etc.] before returning to school);
- ❑ Constant runny nose
- ❑ Abnormal color or consistency of nasal or eye discharge
- ❑ Uncontrolled cough or unusual cough
- ❑ Frequent sneezing or other allergy related symptoms
- ❑ Lung or nasal discharge
- ❑ Vomiting or diarrhea in the previous 24 hours (symptoms must be resolved for 24 hours before returning to school)
- ❑ Undiagnosed skin rashes and/or open lesions
- ❑ If antibiotics are prescribed, the student must receive the antibiotics for 24 hours before returning to school
- ❑ Students should be free of illness symptoms for 24 hours before returning to school

Students should be allowed to return to school once the exclusion period is met or a health care provider clears the student to return.

Immunizations: If your child has had any immunizations over the summer, send a copy to the school for the district nurse or health room clerk to add to his/her shot record. The school nurse will be checking the immunization records on all students to see if minimum standards are met according to state requirements. Students may be denied school attendance if immunization records are incomplete or out of compliance with applicable federal, state, district regulations and policies.

Communicable Diseases: If your student has any communicable (contagious) diseases throughout the school year, leave a voicemail message at 719-234-8808 with name of student, grade and school so the district nurse may follow-up with any disease information that other parents may need. Examples are chickenpox, Covid-19, strep throat, head lice, scarlet fever, fifth's disease (slapped cheek appearance), meningitis, measles, impetigo, scabies, etc.

Health Care Plans: Academy District 20 requests health care plans for any student who needs a medical procedure done at school or has a health condition that needs to be closely monitored. Examples may include asthma, diabetes, seizure disorder, bleeding disorder, severe allergy, heart condition, etc. Forms are available in the school office. If possible, please complete this form before school begins if you have a student with a health condition.

Injuries at School: Typically, a student who is injured at school will be given basic first aid in the health room. Parents are contacted immediately for any head injuries, cuts, or potential broken bones. Again, the district nurse is not always on site to advise health room personnel; therefore, parents are encouraged to pick up their student for outside medical evaluation if warranted.

Medications: If your child will be receiving medication at school, a district medication form **MUST** be filled out and signed by you as well as the medical provider with prescriptive authority. Parents must transport all medication to and from school at both the elementary and middle school level. No medication will be given to the child to take home. Disciplinary action may also occur if your child is found with medication in his/her backpack or is taking medication unsupervised (this includes over the counter medications). Prescription and/or non-prescription medication such as Tylenol, cough drops, vitamins, etc. are prohibited at school. The exception to this rule applies to students with severe allergies who have permission to self-carry and self-administer medications (Asthma inhaler/Epi-pen) for life threatening emergencies. If the student mishandles the inhaler and/or the safety of other students is at risk, the school nurse/administrator will call the parent. All prescription and non-prescription medication must be in the original container with correct dosage and directions on label when brought to the health room by the parent.

LEARNING MEDIA CENTER

The Learning Media Center (LMC) is open each day from 7:35 am to 3:00 pm, unless otherwise announced. Students must have a Timberview student ID card to check out books. If a student loses their ID card, replacement ID cards may be purchased for \$5.00. Books can be borrowed for two weeks, with a limit of four books, and may be renewed if not on hold for another student. Materials can be borrowed from all Academy District 20 libraries through the inter-library loan program.

The library collection includes materials for a diverse student population, ranging in age and maturity levels. Parents are encouraged to be aware of the materials their student is checking out from the LMC.

Overdue Library Book Policy: Currently, fines are only charged for lost or damaged items; there are no fines for overdue books. Overdue lists are communicated to pack leaders. Depending on the delay in returning the book, the following actions are taken:

- ❑ 20 days overdue student is called to the LMC to resolve the overdue item.
- ❑ 30 days overdue student is assessed a replacement fine (cost of the book). If the book is found and returned,

- the replacement fine will be refunded.
- Parents will be notified of fines
- End of Year—all outstanding items are considered lost and the student is assessed a replacement fine. Lost book fines may be paid online through the parent portal on Infinite Campus.

LOST AND FOUND

Students are responsible for their school supplies, materials, and personal items. Timberview is not responsible for the repair and/or replacement of lost, stolen or damaged property, including electronic devices, bicycles, etc.; however, found items are collected in the lower lobby and in the main office. Please be sure your student checks the lost and found periodically for items they may have lost. Lost and Found items will be given to charity at the end of each month.

SAFETY AND SECURITY

Student success is dependent upon providing a safe and secure learning environment for all students and staff. Timberview Middle School employs both active and passive safety and security measures. Timberview Middle School has a full-time armed security officer who works closely with the D20 Security Office, TMS administration, and the School Resource Officer (SRO). TMS shares the SRO with Liberty High School.

Building Entrance: Entry to the school is controlled by the Timberview staff. There is a camera-controlled entry system. Upon entry into the security vestibule, visitors are required to surrender a valid driver's license or ID to the Campus Monitor. The driver's license or ID will be used to run a background check through the RAPTOR System prior to visitors being permitted to enter the school. Once visitors are cleared by the RAPTOR System, they will be issued an identification badge that must always be worn while they are in the school. The visitor badge must be returned to the front office when departing the school.

ID Badges: Students and staff are required to wear their TMS issued ID badge where it is always visible.

Bully Prevention: The philosophy of Timberview Middle School is to provide a safe, secure, positive, and inclusive school environment by working to eliminate bullying through the teaching of positive character traits. Students have a responsibility to report instances of bullying to teachers, counselors, administrators, or the Safe2Tell program. Students may be disciplined for participation in events that are defined as bullying. (Refer to District Policy JICDE for more information.)

Canine Searches: Periodic and random canine searches are conducted during the school year. These searches may be conducted in classrooms, locker rooms, gyms, cafeteria, common areas, and outside.

Character Education: Timberview promotes HOWLS Habits of Mind (**H**onor, **O**wnership, **W**ork hard, **L**eadership, and **S**afety). Timberview is committed to providing an environment conducive to meeting the physical, social, emotional, and academic learning needs of all students.

Emergency Drills: Emergency evacuation and lockdown drills are conducted regularly. During emergency drills, parents will not have access to the building until the end of the drill. For evacuations, students should remain calm, silent, and walk in an orderly manner to the designated exit. After reaching the designated safe area, attendance will be taken. For lockdowns, in-room emergency procedures are in place and students follow the instructions from their teachers.

Security Cameras: To enhance the safety of students and staff, security cameras are in use inside and outside of Timberview Middle School. Cameras are routinely reviewed to evaluate student conduct and school safety. Parents are not permitted to view camera footage at Timberview Middle School. Should a parent wish to review camera footage for any issue involving their child they need to make an appointment with District Security through the school administrator.

Student Drop Off and Pick Up: For the safety of staff and students, a student drop off/pick-up area is provided off Squirreltail Drive. This drop off/pick up point is known as Circle Drive. Please use Circle Drive to drop off and pick up your students. Parents are asked to pull all the way through Circle Drive for drop off and pick up of students. Parents are encouraged to drop students off along the sidewalk on Squirreltail and allow their students to walk up to the Timberview campus. In the event a parent drops their child off across the street from Timberview Middle School, students are required to use the crossing guard monitored crosswalks located at Scarborough and Squirreltail, and Kashmire and Squirreltail. For the safety of our students and staff, the use of the staff and visitor parking lot for student drop off or pick up between the hours of 7:15-7:45 am and 2:15-3:00 pm is prohibited. A special parking pass may be issued for parents with unique circumstances requiring the use of the staff and visitor parking lot for student drop off and pick up. Your compliance is essential in assuring a safe campus.

TRANSPORTATION (DISTRICT BUS SERVICE)

Riding the bus is a privilege and may be suspended or terminated based on student conduct. Student responsibilities

include riding only the assigned bus, being at the designated bus stop 5 minutes prior to pick up time, boarding the bus immediately following dismissal and obeying all District 20 bus rules for passenger conduct. The bus cannot wait if you are tardy. Wait for the bus in a safe place, well off the roadway. Respect others' property; do not play in yards or in the road near the stop. Once the bus has come to a complete stop and the door opened, enter quickly and in an orderly manner. Go to your seat immediately. (Traffic has stopped for the student loading, so it should be done quickly.)

ALL students must be on their bus by departure time from the school campus. For safety, once the driver has closed the door and the bus has started to move, students will NOT be allowed to get on their bus.

- A low noise level is imperative for the safest driving conditions. The expected and safest riding position is seated facing forward with your back against the seat back cushion. Be courteous and respectful to the school bus driver, paraprofessionals, and fellow passengers. Keep your hands to yourself; pushing, grabbing, reaching over seats, etc. can be dangerous and is not permitted. Enjoy the opportunity for socializing in quiet, acceptable ways. Be an example of good behavior for your own and others' safety. **Nothing** is to be thrown on the bus or out of the windows. The driver, transportation staff, or the school staff has full authority to assign seats.
- Students must not tamper with the bus or any of its equipment. Damage to the bus will be charged to the responsible individual. Suspension of riding privileges may also result.
- Harassment or bullying will not be tolerated. These situations will be dealt with through student discipline procedure, which could result in loss of student riding privileges or other disciplinary consequences. Follow the instructions of your school bus driver and keep the aisle clear. The driver must have a clear view down the aisle to the back of the bus at all times.
- No eating or drinking is allowed on the bus.
- Keep heads and arms inside the bus at all times.
- Any student displaying inappropriate conduct, using objectionable/disrespectful language or abusing the driver or other students may forfeit their bus privilege.
- Items not allowed on the bus include but are not limited to: balloons, pets, knives, firearms or explosive items, any tobacco products, matches, lighters or any item that is a health or safety hazard. No sharp instruments such as pencils, etc., shall be carried where they might cause damage to the bus or injury to others.
- Skateboards and portable scooters may only be brought on the bus if they are completely enclosed or secured to a fabric bag, like a backpack. The driver has authority to require objects that may be unsafe or a hazard to be placed in a safe area.
- No electronic equipment with a video display may be operated while on the bus. This includes, but is not limited to notebook computers, portable DVD players, cellular phones, and handheld game devices. If students must bring this equipment to school, it must be secured inside the student's backpack while on the bus.
- Acceptable entertainment devices with headphones are CD players, iPods, MP3 players, etc.
- In case of a road emergency, students are to remain in the bus unless otherwise instructed by the driver. Be alert to traffic when leaving the bus. Cross ten feet in front of the bus. Follow the instructions of your driver for safe procedures when crossing the street or leaving the bus drop-off location.
- Students must ride their assigned bus and get off at their assigned stop. An exception can be made if prior permission from parent/guardian is received by the attendance office and approved by the school office. An authorized bus pass will then be issued to the student.

To enhance safety on school buses, video and audio recording devices have been installed and may be in operation at any time. Violations will be dealt with on an individual basis between rider and driver. If a problem continues, parents will be contacted, and progressive disciplinary actions taken by Transportation and/or school officials. Remember, school bus transportation is a privilege, not a right; school bus transportation can be suspended or terminated for willful misconduct or endangering the overall safety of the school bus or its occupants.

Transportation Exception Program: The District 20 Transportation Department initiated a program to increase school bus ridership and allow families that are not eligible for transportation to ride buses on a space available basis. The Transportation Exception Program allows non-eligible families the opportunity to request bus transportation on a first-come, first-served basis. All requests must be submitted in person at the Transportation Facility at 6408-A Duryea Road. Applications are marked with the date and time received and requestors will be issued a receipt. The Transportation Exception Program applies only to regular education bus routes and existing bus stops, which means no new routes or stops will be created to accommodate exceptions. Exception riders must use existing bus routes and bus stops.

Transportation Fees: Parents of students who will use Academy District 20 transportation are reminded that a fee for transportation services will be assessed for the 2022-2023 school year beginning on the first day of school. Questions regarding fees may be directed to the District 20 Transportation Office at 234-1410.

Student-Parent/Guardian Technology Guidelines and Responsible Use Agreement for Grades K-12

Overview

Academy District 20 provides opportunities to access technology including digital devices (desktop and laptop computers, tablets, and cell phone) for its students. We seek to maintain an environment that promotes ethical and responsible conduct using digital resources.

When signing the Technology and Responsible Use Agreement in the Extended Parent Portal, you are acknowledging that you understand and accept the information in this document.

Parent/Guardian Responsibilities

Academy District 20 makes every effort to equip parents/guardians with the necessary tools and information to ensure safe use of digital devices. Parents/Guardians assume several responsibilities. These are outlined below.

Digitally Acknowledge the Technology and Responsible Use Agreement

In order for a student to access the internet or use a digital device, the student and their parent/guardian must acknowledge the Technology and Responsible Use Agreement, located in Infinite Campus in the Extended Parent Portal.

Digital Device Rules and Guidelines

Policies [IJND](#) and [IJND E1](#) articulate the rules and regulations so that students and parents/guardians are aware of the responsibilities students accept when they use a personal or Academy District 20-owned digital device.

For all of the topics listed below, please reference policies [IJND](#) and [IJND E1](#)

- Security reminders
- Appropriate content
- Activities requiring teacher permission
- Digital storage

Digital Device Use and Care

- Digital devices are for educational purposes
- Only use your assigned device
- Do not pile things on top of the digital device
- Secure your device when not in use, such as during lunch, gym, or after-school activities
- Do not put the laptop in a place that it could easily fall off a desk, table, or other object
- Charge your personal or school-issued digital device fully each night, and bring your charger to school if necessary
- Only use the charger intended for your device
- Keep the device in its protective case at all times
- Protect the digital device from extreme heat or cold, food and drinks, small children and pets • Hold your device with both hands

Email for Students in Grades 6-12

All 6-12 grade students in Academy District 20 are issued an email login account. This allows students to safely and effectively communicate and collaborate with staff and classmates.

Guidelines and Reminders

- Email should be used for educational purposes.
- Parents may check student email at any time.

- Students are encouraged to share their password with their parents. Parents can change the student password at any time.
- Academy D20 reserves the right to monitor student email accounts.
- Email should be used by the authorized owner of the account.
- Students are expected to protect their passwords and should change it if it has been compromised.

Digital Cameras

- Many digital devices are equipped with an integrated digital camera. This equipment offers students an extraordinary opportunity to experience a 21st Century tool and to develop 21st Century communication skills.
- Cameras are to be used for educational purposes only, under the direction of a teacher.
- All videos and photos can only be taken, shared, distributed or posted with the permission of the person being filmed.
- Device use is prohibited in private areas, such as locker rooms and restrooms.

Digital Images

Any images displayed or stored using district resources (including but not limited to desktop or lock-screen images, avatars, and profile pictures) must comply with the Appropriate Use of Technology Policy ([IJND E1](#)).

Copyright and Plagiarism

Students are expected to follow all copyright laws. Duplication and/or distribution of materials for educational purposes is permitted when such duplication and/or distribution would fall within the Fair Use Doctrine of the United States Copyright Law (Title 17, USC).

Behaviors and Discipline Related to Student Digital Device Use

- See Board Policies [IJND](#) and [IJND E1](#)
- The discipline policies at each school apply to the use of all digital devices.

Examples of Unacceptable Use - See [IJND E1](#)

Prohibited uses include but are not limited to:

- Publishing, accessing, downloading, storing, reviewing and/or distributing any content (text, graphic, photo, audio) that contains material, which is defamatory, abusive, obscene, profane, threatening, or sexually explicit.
- Using district technology in any fashion that violates school code of conduct, district policy, state law, or federal law (e.g. copyright violations).
- Using or attempting to use an Internet proxy server (anonymizer), proxy software or a proxy browser.
- Performing tests on the district network to identify security faults or vulnerabilities.
- Configuring any device as an ad-hoc wireless access point while it is connected to the district network or in any district facility.
- Configuring any device to provide unfiltered Internet access for yourself or other user(s), i.e. using a cell phone's data plan to access the internet or to provide access for other devices as a mobile "hotspot."
- Possessing or using software without appropriate registration and payment of fees to the software owner.
- Using encryption to cloak network traffic, data files, or email communications within the district network.
- Possessing or using malicious software, hacking software, proxy software, or devices used for these purposes on district property, including but not limited to: capturing software or devices, network discovery and monitoring software or devices, password recovery software and devices, and software specifically designed to remove the evidence of user activity from a computer.
- Storing personal music, videos, or other copyrighted material on any district device.
- Attempting to bypass the internet filter in any way.

Digital Device Security

Two primary forms of security exist: digital device security and internet filtering. Academy District 20 strives to strike a balance between usability of the equipment and appropriate security to prevent the devices from being damaged or used to cause damage to the network. All files stored on Academy District 20 equipment or the Academy District 20 network are subject to review and monitoring.

Security settings are in place on district-owned digital devices to prevent certain activities. These may include downloading or installing apps, removing software, changing system settings, etc. These permissions may vary.

Internet Filtering at School

Academy District 20 maintains an on-site internet filtering software package. This program automatically filters all student access to the internet via the District network, whether using a school-owned or personally-owned device. Cell phone data is not filtered by Academy District 20, so all phones should be connected to the district wireless network when used on campus.

While internet filtering is provided on-campus by Academy School District 20 no filter provides an absolute guarantee that students will not inadvertently or purposefully access inappropriate content. While Academy School District 20 makes every attempt to protect students from inappropriate material and risks to their safety, no technology measure is 100% effective, and no technology measure is a substitute for open communication and involved parents/guardians. All students are expected to utilize only the district network while on school grounds. All internet traffic on the Academy District 20 network is tracked and recorded. If your child encounters inappropriate content, he or she should communicate with his or her teacher immediately.

Damaged Equipment

Responsibility

Students are responsible for caring for personal or school-issued devices and equipment they use. Damaged personally owned devices will not be replaced or repaired by Academy District 20. Situations requiring disciplinary intervention will be processed by the administration at the school level.

INTRODUCTION

Public school students have certain rights guaranteed by the constitution and laws of Colorado as well as the United States of America. These rights are not the same as adults because the school is a special setting. The law provides that school officials need flexibility to control student behavior in the schools and at school activities, even possibly for actions that occur off-campus, on weekends or during the summer, if the actions have a nexus to school or are detrimental to the welfare of students or staff at the school. However, students do have numerous protections from undue censorship, arbitrary actions of school staff members and elected officials, and unlawful search and seizure, among other things.

This handbook informs you of your rights and your responsibilities as an Academy District 20 student. It will help you be a successful student and citizen in our district. Please read it carefully and ask questions of your principal, your counselor, or your teachers if you do not understand.

Academic Rights

To function well in the classroom you must have a clear idea of what the teachers expect of you. Therefore, you have a right to know exactly what the requirements are for each course in which you are enrolled. If the course requirements seem unclear to you, or if you have questions, you have not only a right but also an obligation to yourself, your fellow classmates, and to your teacher, to ask for clarification.

Academy District 20 Mission Statement

The mission of Academy School District 20 is to educate and inspire students to thrive.

Asbestos Hazard Emergency Response Act (AHERA) Annual Legal Notification:

In accordance with the United States Environmental Protection Agency's Asbestos Hazard Emergency Response Act, the district has Asbestos Management Plans available for review at each school and at Facilities Management, 10221 Lexington Dr., Colorado Springs, CO 80920. Contact the Director for Facilities with any questions. Telephone: 719-234-1510.

Assessments (administrative policy IKA)

State and federal laws require district students to take standardized assessments in the instructional areas of English language arts, math and science. If a student's parent/guardian chooses to opt the student out of taking a state assessment, the district shall not prohibit the student from participating in an activity, or receiving any other form of reward, that the district provides to students for participating in the state assessment. C.R.S. 22-7-1013 (8)(b).

Attendance and Truancy (administrative policies JE, JH, JHB):

Daily attendance at school is a critical factor in school success. Students are expected to arrive at school each day on time, ready to learn. It is difficult to replace the learning that occurs in the classroom through the exchange of ideas with study outside the classroom. Excessive absences and/or tardies, whether excused or unexcused, may have a negative effect on a student's learning and grades. Attendance Line: (719) 234-3601.

Colorado law requires every student who is age 6 by August 1 and under 17 to attend school a certain number of hours [C.R.S. §22-33-104(1)(a)]. Parents have a legal obligation to ensure that every child under their care and supervision receives adequate education and training [C.R.S. §22-33-104(5)(a)].

Per district policy [JE](#) and state law, excused absences are as follows:

1. Absences approved by the principal or designee.
2. Absences due to temporary illness or injury.
3. Absences for an extended period of time due to physical, mental or emotional disabilities.
4. Absences due to being in the custody of the court or law enforcement authorities.

If an absence does not fall into one of the above categories, it will be considered unexcused. Medical notes may be requested if a student has excessive absences.

State statute defines any student who has four unexcused absences in a month or ten unexcused absences in a school year as habitually truant. [Administrative policy [JE](#) and C.R.S §22-33-102(3.5)]. Be aware that the district will first take steps to work with families to reduce truancy, but that we partner with local juvenile courts to intervene and address “habitual truancy.” When a student has an excessive number of absences, whether excused or unexcused, they negatively impact the student’s academic success. The principal may identify a student who is absent 10% of a quarter, even if the absences are excused, as “chronically absent.” [Administrative policy [JH](#), Student Absences and Excuses]. Legal action may be taken by school administrators if parents and students fail to follow compulsory attendance laws [Administrative policy [JHB](#) on Truancy].

Balancing Rights and Responsibilities

With student rights come student responsibilities. In most cases, this means “follow the rules.” The rights of all others in the school environment are protected when students exercise responsibility and follow the rules.

The rules and regulations, the most important of which are summarized in this handbook, are designed to protect rights, yours and others'. They help set expectations so that students learn behavior patterns which enable them to become responsible members of society. The rules also allow us, if necessary, to discipline individuals who do not respect rules. They also help protect every student’s right to an education. Given the Columbine tragedy and other more recent events, students need to tell an adult if they are aware of other students who are planning to harm themselves or others in the school or community. This is not being a “snitch” or a “tattle-tale.” It is responsible citizenship that could save lives, including your own. Safe2Tell® provides a way for students to anonymously report any threatening behaviors or activities endangering them or someone they know. A report can be made by calling 877-542-7233 (SAFE) or online at <https://safe2tell.org/?q=submit-anonymous-tip-report>.

Bullying (administrative policy [JICDE](#)):

The district supports a school climate that is free from threats, harassment and any types of bullying behavior. All types of bullying are unacceptable. “Bullying” is defined in district policy [JICDE](#) and state law as “the use of coercion or intimidation to obtain control over another person or to cause physical, mental, or emotional harm to another person. Bullying is prohibited against any student for any reason, including but not limited to any such behavior that is directed toward a student on the basis of his or her academic performance or any basis protected by federal and state law, including disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry or the need for special education services, whether such characteristic(s) is actual or perceived. Bullying does not necessarily include all conflicts between students. A student who engages in an act of bullying and/or a student that takes retaliatory action against a person, who in good faith reports an incident of bullying, is subject to appropriate disciplinary action, including suspension, expulsion and/or referral to law enforcement authorities. The district cannot respond to allegations of bullying unless it knows about them. Please tell an adult in your building if you have

been bullied or if you have witnessed bullying. Safe2Tell® is a way to anonymously report any threatening behavior that endangers you, your friends, your family or your community. To make a report using Safe2Tell®, call 877-542-SAFE (877-542-7233) or online at <https://safe2tell.org/?q=submit-anonymous-tip-report>.

Cell Phones and other Electronic Devices (administrative policy JICJ)

Cell phones and personal electronic devices are not allowed out during the school day. They are to be kept in student backpacks. District 20 Policy [JICJ](#) acknowledges electronic communication devices can play a vital communication role. However, unless expressly permitted by a teacher for instructional purposes, the use of electronic communication devices while at school is not permitted.

1st Offense: Students who have their phone or other electronic device will be redirected to put the item away in their backpack.

2nd Offense: Students will be asked to bring the item to the office, where it will be turned in for the remainder of the day. Students will phone their parent to make them aware that this is their second offence.

3rd Offense: Students will be asked to bring the item to the office, where it will be turned in. Parents will be contacted by the grade level administrator and parents will be required to come in and pick up the item.

Any further offences will result in further disciplinary action.

Personal Electronics include earbuds/AirPods, iPads, tablets, gaming devices, and anything not associated with educational activities. Electronic watches may be worn, as long as they are not a distraction to the learning environment. Timberview Middle School and Academy School District 20 do not assume responsibility for lost, stolen, or damaged personal electronic devices or property.

Clubs (see Student Organizations, administrative policy JJA)

Meetings of student groups must be organized, scheduled, and conducted within the guidelines established by Policy JJA and accompanying procedure. All proposed student organizations shall use the common District-wide application that can be found in JJA E. The principal, or designee, will communicate a final decision to all proposals using the submitted district-wide application.

College Classes-Opportunity to Earn College Credits and Accelerate Learning Pathways to College

Students may earn college credit at a significant cost and time savings.

Concurrent Enrollment (CE) Programs Act [C.R.S 22-35- 103(6)(a)] and District 20 Concurrent Enrollment policy **IHCDA** make it possible for eligible students in grades 9-12 who are under the age of 21 and officially registered at an Academy District 20 high school and at a qualified institution of higher education to earn with whom the district has a written cooperative agreement to earn college credit at a significant cost and time savings. Interested students may contact the high school counselor for information on the eligibility criteria and application process as identified by the statute and the district policy.

Accelerating Students through Concurrent Enrollment (ASCENT) (administrative procedure IHCDA R 2) is a fifth-year program which allows eligible students to participate in concurrent enrollment courses for the year after 12th grade. Student eligibility includes meeting graduation requirements and the completion of at least 12 credit hours of transcribed postsecondary courses (non-remedial) by the completion of the 12th grade year. [C.R.S 22-35-108]. ASCENT is a fifth year only program. Participation in the CE or ASCENT programs must align with a student's Individual Career and Academic Plan (ICAP). Students must complete the District's ASCENT application process and submit all approved documents to the high school concurrent enrollment designee by the published deadline.

Confidential Student Records-also see (The) Family Educational Rights and Privacy Act (FERPA)

The district protects the confidentiality of student records in accordance with the Family Educational Rights and Privacy Act (FERPA). Therefore, without written consent from a parent or guardian, we do not disclose personally identifiable information from a child's education records unless disclosure is covered by one of the exceptions in FERPA (see administrative policy [JRA/JRC](#)). If you wish to allow a third party (for example, a step-parent or other family members) access to personally identifiable information from your child's education records, please contact your building administrator to request a third-party consent form. Each parent or guardian must complete the form and have his or her signature notarized. Return the notarized forms to your building administrator. The permission will be effective until a parent/guardian revokes permission in writing and submits the revocation to the building administrator.

Disciplinary Removal from Classroom (administrative policy JKBA)

It is the policy of the district to maintain classrooms in which student behavior does not interfere with the ability of the licensed staff member to teach effectively or the ability of other students to participate in classroom learning activities.

Students shall be expected to abide by the code of conduct adopted by the district and any other appropriate classroom rules of behavior established by the licensed staff member, and approved by the building principal, for the purpose of maintaining order and a favorable academic atmosphere. Any student who violates the code of conduct or other classroom rules may be subject to removal from class and/or disciplinary removal.

Student removal from class is a serious measure and should not be imposed in an arbitrary, casual, discriminatory or inconsistent manner. Behavioral expectations are always more constructive and more likely to be followed when they are communicated as clearly as possible to students. However, it is neither possible nor necessary to specify every type of improper or inappropriate behavior, or every circumstance that would justify removal from class under this policy. Licensed staff members are expected to exercise their best professional judgment in deciding whether it is appropriate to formally remove a student from class in any particular circumstance. All instances of formal removal from class shall be documented.

A licensed staff member is authorized to immediately remove a student from his or her classroom if the student's behavior:

1. violates the code of conduct adopted by the District Administrative policy; or
2. is dangerous, unruly, or disruptive; or
3. seriously interferes with the ability of the teacher to teach the class or the students to learn.

A student with a disability may be removed from class and placed in an alternative educational setting only to the extent authorized by state and federal laws and regulations.

Removal from class under this policy does not prohibit the district from pursuing or implementing additional disciplinary measures including, but not limited to, detentions, suspensions, or expulsions for the conduct or behavior for which the student was removed, in accordance with District policy concerning student suspensions, expulsions and other disciplinary interventions. Parents/guardians should be notified of the student's removal from class in accordance with established procedures.

Equal Educational Opportunity (administrative policy JB)

Every student of this school district shall have equal educational opportunities through programs offered in the school district regardless of disability, race, color, ancestry, creed, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry, age, genetic information or need for special education services.

Evaluation

You have a right to be evaluated fairly. Grades, progress reports, and other forms of evaluation should be based on requirements that are clearly set forth by teachers and they should be applied fairly to all students.

(The) Family Educational Rights and Privacy Act (FERPA) (administrative policy [JRA/JRC](#)), Notification of Rights under:

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. FERPA Notice for Directory Information (administrative policy [JRA/JRC](#)):

FERPA requires that the district, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the district may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the district to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the district to disclose directory information from your child's education records without your prior written consent, you may opt out using the Extended Parent Portal. Contact your school if you need access to a computer.

The district has designated the following information as directory information:

- Student's name
- Student's photograph
- Student's grade
- Dates of attendance
- Enrollment status
- Participation in officially recognized activities & sports
- Weight and height of members of athletic teams
- Major field of study
- Degrees, honors, and awards received
- The most recent previous educational agency or institution attended

Please note that FERPA contains a specific exclusion for records such as investigative reports, risk assessments, and other records created and maintained by school security personnel, which may be disclosed without consent. 20 U.S.C. § 1232g(a)(4)(ii)(B)(II).

Free or Reduced Lunch (administrative policy EF)

Students do best in school if they have eaten a nutritious and balanced meal. Academy District 20 participates in the National School Lunch Program that provides free or reduced price lunches to eligible students. The Board of Education agrees to the federal eligibility regulations, and the food service program meets all state and federal requirements relating to meal and menu records, fiscal controls and accountability, free and reduced-price meals, civil rights compliance, sanitation, and safety.

Gangs (administrative policy JICF):

Gang activities at school impose a threat to the welfare and safety of students and others in the school community and cause substantial disruption to the educational process.

The term "gang" as used in this policy refers to two or more individuals who share a common interest, bond, or activity characterized by criminal, delinquent, or otherwise disruptive conduct engaged in collectively or individually.

The Board of Education and district administration desire to keep district schools and students free from the threats of harmful influence of any groups or gangs which advocate drug and/or alcohol use, violence, or disruptive behavior. School district personnel shall maintain supervision of school premises, school vehicles, and school-related activities to deter gang intimidation of students and confrontations between members of different gangs. The superintendent or designee shall establish open lines of communication with local law enforcement authorities to share information and provide mutual support in this effort. The superintendent or designee shall provide periodic in-service training to help staff members identify gangs and gang symbols, recognize early manifestations of disruptive activities and respond appropriately to gang behavior.

Any apparel or manner of grooming which by virtue of its color, arrangement, trademark, or any other attribute denotes membership in or affiliation with any gang is prohibited on school premises, in school vehicles, and at school-related activities. Dress Code for Students (administrative policy JICA):

You have a right to dress as you want in accordance with your own taste so long as it is not materially and substantially disruptive to the educational process. The Student Dress Code, administrative policy JICA, defines certain clothing or appearance as disruptive if it advocates drug use, violence, or unlawful activity. If your clothes are inappropriately revealing or tattered and torn, you will be in violation of the dress code as well. A safe and disciplined learning environment is essential to a quality educational program. District-wide standards on student attire are intended to help encourage school pride and thereby help students concentrate on schoolwork, reduce discipline problems, and improve school safety. The district administration is committed to the idea that students have a right to express themselves through dress and personal appearance, and that student dress has an effect on behavior, work quality and school pride. Students are not permitted to wear apparel that is disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

Subject to approval by the superintendent or designee, school administrators may develop and adopt additional specific dress code standards for their own schools consistent with this policy. Disciplinary actions for violation of the dress code standards will include notification to the student of the violation, the requirement that the clothing be changed before re-entering class, and at the discretion of the building administrator, a

parental conference. More severe disciplinary consequences, including suspension or expulsion, may result from repeated or serious violations.

The following shall not be worn in school buildings, on school grounds or at school activities:

1. Any clothing, paraphernalia, grooming, jewelry, accessories, or body adornments that: are disruptive, or potentially disruptive, to the educational environment as determined by the administrator; including but not limited to items that:

 - is backless; or
 - reveals underwear; or
 - is inappropriately sheer, short, tight or low-cut.

Exceptions:

Appropriate clothing may be worn in physical education classes or when participating in, or attending, school sponsored sports activities. Clothing normally worn when participating in, or attending, other school sponsored extracurricular activities such as prom or homecoming, may be worn when approved by the administrator and sponsor or coach.

Drug and Alcohol Involvement by Students (administrative policy [JICH](#)):

It shall be a violation of district policy and considered to be behavior that is detrimental to the welfare and safety of other students or school personnel for any student to possess, use or distribute alcohol or drugs, or to possess drug paraphernalia on school property or at school-sponsored events. **Sharing any controlled substance, including prescription medication, is also a violation of district policy.** In order to promote a healthy and safe learning environment, the school district will take disciplinary action that may include suspension or expulsion from school and may include referral to law enforcement for criminal prosecution.

Students who use or possess alcohol or drugs or are under the influence of alcohol or drugs in violation of policy JICH will be disciplined in the following manner:

- First Offense - The student will be suspended for five school days, and the principal may request the superintendent to extend the suspension up to an additional five days. At the discretion of the principal and with the concurrence of the superintendent, this period may be shortened up to five days provided that the student agrees to complete an appropriate program, which may include an alcohol and/or drug education/treatment/counseling program and/or community service, details of which shall be agreed to between principal and parent. Costs of the program shall be borne by student and parent. Failure to provide documentation of completion of the program within the prescribed time limits will result in the imposition of the additional days of suspension.

Violations of administrative policy [JLCD](#) on Administering Medications to Students may result in disciplinary action, at the discretion of the principal or designee.

Students may carry electronic communication devices approved by the building principal, but these devices must be turned off and put away during instructional time, unless they are being used for instructional purposes and with approval of the teacher. Regarding non-instructional time, school staff members have the authority to restrict students' use of such devices in school buildings, on school buses, at school-sponsored activities and on field trips, if in the judgment of the staff member, the use of the device interferes with the educational environment. Use of a device to record all or part of any classroom instruction is permissible only with the approval of the teacher.

It is the student's responsibility to ensure that the device is turned off and out of sight during unauthorized times.

Violation of this policy and/or use that violates any other district policy may result in disciplinary action and confiscation of the electronic communication device. A conference between the parent/guardian, student and school personnel may be required in the event an electronic communication device is confiscated.

The district shall not be responsible for loss, theft or destruction of electronic communication devices brought onto school property.

The code shall emphasize that certain behavior, especially behavior that disrupts the classroom, is unacceptable and may result in disciplinary action. The code shall emphasize proportionate disciplinary interventions and consequences and keeping students engaged in learning. Applications and information regarding the free and reduced-price lunch program can be obtained by contacting the free and reduced lunch registrar at 234-1416.

Student Interrogations, Searches, and Arrests (administrative policy JIH):

The Board of Education and district administration seek to maintain a climate in the schools which is conducive to learning and protective of the safety and welfare of staff and students. To achieve this goal, it may be necessary for school personnel to search the person and/or the personal property of the student and to seize any property deemed injurious or detrimental to the safety and welfare of students and staff.

Interviews by school administrators

When a violation of district policy or school rules occurs, the principal or designee may question potential student victims and witnesses without prior consent of the student's parent/guardian. If a school official is investigating a report of child abuse and the suspected perpetrator is a member of the student's family, no contact with the student's family will be made.

Searches conducted by school personnel

Searches may be conducted by a school official who has reasonable grounds for suspecting that a search will turn up evidence that the student has violated either the law or policy. When a reasonable grounds for a search exists, school personnel may search a student and/or the student's personal property while on school premises or during a school activity in accordance with this policy and may seize any illegal, unauthorized or contraband materials.

Whenever possible, the student shall be informed of the reason(s) for conducting the search and the student's permission to perform the search shall be requested. A student's failure to cooperate with school officials conducting a search shall be considered grounds for disciplinary action.

Search of school property

School lockers, desks and other storage areas are school property and remain at all times under the control of the school. All such lockers, desks and other storage areas, as well as their contents, are subject to inspection at any time, with or without notice.

Students shall assume full responsibility for the security of their lockers and/or other storage areas in the manner approved by the administration. Students shall be responsible for whatever is contained in desks and lockers assigned to them by the school, as well as for any loss or damage relating to the contents of such desks and lockers.

Search of the student's person or personal effects

The principal or designee may search the person of a student or a student's personal effects such as a purse, backpack, book bag, or briefcase on school property or at school-sponsored events or activities if the school official has reasonable grounds to suspect that the search will uncover:

- Evidence of a violation of district policies, school rules, or federal, state, or local laws.
- Anything which, because of its presence, presents an immediate danger of physical harm or illness to any person.

Search of the person shall be limited to the student's pockets, any object in the student's possession such as a purse, backpack, book bag, or briefcase, and a "pat down" of the exterior of the student's clothing. The extent of the search of a student's person or personal effects, as well as the means to conduct the search, must be reasonably related to the objectives of the search and the nature of the suspected violation. Additionally, school officials conducting the search shall be respectful of privacy considerations, in light of the sex and age of the student.

Searches of the person shall be conducted out of the presence of other students and as privately as possible by a person of the same sex as the student being searched. At least one person of the same sex as the student being searched shall witness but not participate in the search.

Searches of a student's person and/or personal effects may be conducted without the prior consent of the student's parent/guardian. However, the parent/guardian of any student searched shall be notified of the search as soon as reasonably possible.

Searches of the person which may require removal of clothing other than a coat or jacket shall be referred to a law enforcement officer. School personnel shall not participate in such searches.

Detection canines

Searches of school facilities, lockers, personal property, cars, and parking lots may be conducted by authorized persons using trained detection canines under the direction of the school principal or designee.

Law enforcement officers' involvement--Interrogations and interviews

When law enforcement officials request permission to question students when students are in school or participating in school activities, the principal or designee shall ascertain that the law enforcement officer has proper identification and shall be present unless a court order provides otherwise. Except when law enforcement officers have a warrant or other court order, or when an emergency or other exigent circumstances exist, such interrogations and interviews are discouraged during students' class time.

It is the responsibility of the law enforcement officer interviewing student witnesses or interrogating student suspects to assure compliance with all applicable procedural safeguards. Upon request by law enforcement to interview a student witness or interrogate a student suspect, school officials shall make an effort to notify the student's parent/guardian, except in cases involving investigation of reported child abuse where the suspected perpetrator is a member of the student's family, when law enforcement has a court order directing that the student's parent/guardian not be notified, or when an emergency or other exigent circumstances exist. However, whether or not to postpone the interview or interrogation until the parent/guardian arrives is the law enforcement officer's decision.

Seizure of items

Anything found in the course of a search conducted by school officials which is evidence of a violation of law or district policy or school rules or which by its presence presents an immediate danger of physical harm may be:

- Seized and offered as evidence in any expulsion proceeding. Such material shall be kept in a secure place by the principal until it is presented at the hearing.
- Returned to the student or the parent/guardian.
- Turned over to a law enforcement officer in accordance with this policy.

Search and seizure

The principal or designee may request a search on school premises be conducted by a law enforcement officer. When law enforcement officers respond to such a request, no school staff member shall assist or otherwise participate in the search. It is expected that searches by law enforcement will be conducted in accordance with the requirements of applicable law.

Custody and/or arrest

Students will be released to law enforcement officers if the student has been placed under arrest or if the student's parent/guardian and the student consent to such release. When a student is removed from school by law enforcement officers for any reason, school officials will make reasonable efforts to notify the student's parent/guardian.

It is expected that all procedural safeguards prescribed by law are followed by law enforcement officers conducting student arrests. However, district staff is not responsible for an officer's legal compliance when arresting a student.

Parking Lot/Vehicle Searches (administrative policy [JIHB](#))

The privilege of bringing a student-operated vehicle onto school premises is conditioned on consent by the student driver to allow for search of the vehicle when there is reasonable suspicion that the search will yield evidence of contraband.

Refusal by a student, parent/guardian, or owner of the vehicle to allow access to a motor vehicle on school premises at the time of request to search the vehicle shall be cause for termination without further hearing of the privilege of bringing the vehicle on to school premises. If a student refuses to consent to search, a parent or guardian will be contacted to obtain their consent to search. If the consent to search is denied by the guardian, then the vehicle shall be removed immediately from district property and forever banned from all district property. In such cases, there will be no refund of the parking fees paid, and the student will not be permitted to purchase a future parking pass. Should the vehicle be subsequently found on district property, it is subject to being towed at the owner's expense immediately without notice. Refusal to submit to search also may result in disciplinary action and notification of law enforcement officials.

Student Organizations (administrative policy [JJA](#))

Students in middle and high schools in this District shall be permitted to conduct meetings of student clubs or student organizations to meet on school premises during non-instructional time, in accordance with administrative policy [JJA](#). Curriculum-related student organizations serve as an extension of the regular school curriculum and bear a direct relationship to and alignment with Colorado Academic Standards. The function of curriculum-related student organizations is to enhance the participants' educational experience and supplement the course materials within the educational program of the schools. Curriculum-related student organizations must articulate how the content and activities of the proposed student organization will extend the regular school curriculum and how they align with the Colorado Academic Standards. Student organizations meeting these criteria and approved by the principal will be deemed to be officially recognized, school-sponsored student organizations. All proposed student organizations shall use the common district-wide application that can be found in [JJA E](#). The principal, or designee, will communicate a final decision to all proposals using the submitted district-wide application.

Secondary school students are also permitted to organize and conduct meetings to pursue activities outside of the school curriculum. Such organizations must be student initiated and directed, and persons not attending school in this district, parents, school personnel or non-school persons are prohibited from directing, conducting, controlling or regularly attending the activities of a non-curricular student group. Non-curricular student groups shall not be deemed to be school-sponsored or endorsed. Students seeking approval for a student organization to meet at school during non-instructional time should seek approval from the principal or his or her designee in accordance with administrative procedure [JJA R](#).

Student Use of the Internet and Electronic Communications (administrative policy [JS](#))

The Internet and electronic communications are fluid environments in which students may access materials and information from many sources, including some that may be harmful to students. While it is impossible to predict with certainty what information students might locate or come into contact with, the district shall take reasonable steps to protect students from accessing material and information that is obscene, pornographic, or otherwise harmful to minors. Students shall take responsibility for their own use of district digital resources to avoid contact with material or information that may be harmful to minors.

Blocking or filtering obscene, pornographic and harmful information

The district will make reasonable efforts to ensure that digital resources are used appropriately and responsibly, and to comply with CIPA (Children's Internet Protection Act) and other applicable laws. Students shall take responsibility and use good judgment when using district digital resources to avoid contact with material or information that may be harmful to minors. Each student shall comply with federal and state law, District

policy and the school's code of conduct and the provisions of this responsible use agreement. It is important for students to make sure that all electronic communications are respectful at all times, and do not violate the district bullying policy (JICDE). Students should report any inappropriate content or contact, including harassment, threats, or hate speech to a responsible adult.

No expectation of privacy

District digital resources are owned by the district and are only intended for educational purposes. Students shall have no expectation of privacy when using the Internet or electronic communications. The district reserves the right to monitor student activity on the district network and all District digital resources to include data transmitted to/from personal digital resources. All material and information accessed/received through the District network shall remain the property of Academy District 20 and subject to disclosure under the Colorado Open Records Act.

Unauthorized and unacceptable uses

Students shall use digital resources in a responsible, efficient, ethical, and legal manner.

This includes, but is not limited to, the uploading or creation of computer viruses and the use of third-party encryption software.

District Provided Devices

DPDs are provided for education purposes only. They may not be taken out of the country, they will be filtered at school and at home, and they must be taken care of. Any damage should be reported within 24 hours, and upon disenrollment, the device must be returned. Defacing the device with stickers or adhesives is not allowed and if stickers are applied, they must be removed before returning the device to the district. Damage caused by these stickers may cause a fine to be assessed.

Unauthorized content

Students are prohibited from using or possessing any software applications, mobile apps or other content that has been downloaded or is otherwise in the user's possession without appropriate registration and payment of any fees.

Monitoring student use

The District will make reasonable efforts to see that the Internet and electronic communications are used responsibly by students. Administrators, teachers, and staff have a professional responsibility to work together to monitor students' use of the Internet and electronic communications, help students develop the intellectual skills needed to discriminate among information sources, to identify information appropriate to their age and developmental levels, and to evaluate and use information to meet their educational goals.

Student use is a privilege

Use of the Internet and electronic communications demands personal responsibility and an understanding of the acceptable and unacceptable uses of such tools. Student use of the Internet, electronic communications and District digital resources is a privilege, not a right. Failure to follow the use procedures contained in this policy shall result in the loss of the privilege to use these tools and restitution for costs associated with damages and may result in legal action and/or disciplinary action, including suspension and/or expulsion, in accordance with District policy concerning suspension, expulsion and other disciplinary interventions. The District may deny, revoke or suspend access to District technology or close accounts at any time.

Students and parents/guardians shall be required to sign the District's Acceptable Use Agreement annually before Internet or electronic communications accounts shall be issued or access shall be allowed.

School district makes no warranties

The school district makes no warranties of any kind, whether express or implied, related to the use of District digital resources, including access to the Internet and electronic communications services. Providing access to these services does not imply endorsement by the District of the content, nor does the District make any guarantee as to the accuracy or quality of information received. The District shall not be responsible for any damages, losses or costs a student suffers in using the Internet and electronic communications. This includes loss of data and service interruptions. Use of any information obtained via the Internet and electronic communications is at the student's own risk.

Students with Life-Threatening Allergies (administrative policy JLCDA)

The District recognizes that many students are being diagnosed with potentially life-threatening food allergies. To best protect students and to meet state law requirements concerning the management of food allergies and anaphylaxis among students, the District requires the following:

Health care plan

The plan shall address communication between the school and emergency medical services, including instructions for emergency medical responders.

Reasonable accommodations

Reasonable accommodations shall be made to reduce the student's exposure to agents that may cause anaphylaxis within the school environment. If a student qualifies as a student with a disability in accordance with federal law, the student's Section 504 plan, Individualized Education Program (IEP), and/or other plan developed in accordance with applicable federal law shall meet this requirement.

Access to emergency medications

Emergency medications for treatment of the student's food allergies or anaphylaxis shall be kept in a secure location accessible to designated school staff. The student's parent/legal guardian shall supply the school with the medication needed for treatment of the student's food allergies or anaphylaxis, unless the student is authorized to self-carry such medication in accordance with administrative policy JLCD, Administering Medications to Students. Even if the student is authorized to self-carry, the parent is strongly encouraged to provide self-injectable epinephrine to the school.

Staff training

The principal or designee, in consultation with the school nurse, shall determine the appropriate recipients of emergency anaphylaxis treatment training, which shall include those staff directly involved with a student who has a known food allergy during the school day.

When a petition is filed in juvenile court or district court that alleges a student between the ages of 12 to 18 years has committed an offense that would constitute unlawful sexual behavior or a crime of violence if committed by an adult, basic identification information, as defined in state law, along with the details of the alleged delinquent act or offense, is required by law to be provided immediately to the school district in which the juvenile is enrolled.

The information shall be used by the superintendent to determine whether the student has exhibited behavior that is detrimental to the safety, welfare, and morals of the other students or school personnel and whether educating the student in the school may disrupt the learning environment in the school, provide a negative example for other students, or create a dangerous and unsafe environment for students, teachers, and other school personnel. The district shall take appropriate disciplinary action, which may include suspension or expulsion, in accordance with the student code of conduct and related policies.

The Board of Education may determine to wait until the conclusion of court proceedings to consider expulsion, in which case it shall be the responsibility of the district to provide an alternative educational program for the student as specified in state law.
